(a) accept directly or indirectly on his own behalf or on behalf of any other person, or

(b) permit any member of his family so to accept, any gift, gratuity or reward or any offer of a gift, gratuity or reward from any person.

(2) Subject to the provisions of any general or special order of the local authority, any employee may accept from any person a complimentary present of flowers or fruit or similar articles of trifling value, but all employees shall use their best endeavours to discourage the tender of such gifts.

(3) Any employee may accept or permit any member of his family to accept, from any person who is his personal friend, a wedding present of a value which is reasonable in all the circumstances of the case. All employees shall use their best endeavours to discourage the tender of such presents and such acceptances or permission shall be reported to the local authority, and, if the local authority so require, the present shall be returned to the donor.

(4) If an employee cannot, without giving undue offence, refuse a gift of substantial value from any person, he may accept the same, but shall unless the local authority by special order otherwise direct deliver the gift to the said authority.

3. **Public demonstrations in honour of employees of local Authority:** (1) Save as otherwise provided in this rule, an employee shall not, except with the previous sanction of the local authority—

(a) receive any complimentary or valedictory address, accept any testimonial or attend any public meeting or entertainment held in his honour; or

(b) take part in the presentation of a complimentary or valedictory address or of a testimonial to any other employee or to any person who has recently quitted the service of a local authority, or attend a public meeting or entertainment held in the honour of such other employee or person.

(2) Notwithstanding anything contained in sub-rule (1)—

(a) an employee may at the request of any public body sit for a portrait, bust or statue not intended for presentation to him;

(b) an employee may take part in the raising of a fund to be expended in recognition of the services of any other employee or of a person who has recently quitted the service of a local authority, on the foundation of a scholarship or on any other public or charitable object or on the execution of any portrait, bust or statues not intended for presentation to such other employee or person: Provided that no employee shall solicit any subscription in aid of such fund;

(c) subject to the provisions of any general or special order of the local authority, an employee may attend a farewell entertainment of a subsequently private and informal character held as a mark of regard to himself or to some other employee, or to a person who has recently quitted the service of a local authority on the occasion of the retirement from service or departure from a district or station of himself or other person.

4. **Presentation of trowels, etc. at ceremonial functions:** An employee shall not, save with the previous sanction of the local authority, receive any trowel, key or other similar article offered to him at a ceremonial function, such as laying of a foundation stone or the opening of a public building.

5. **Application of Rules 2 and 3 to medical officers:** Subject to the provisions of any general or special order of the local authority, an employee who is a medical officer, nurse or midwife, may accept any fee, gift, gratuity or reward offered by any person or a body of persons in recognition of his/her professional services.

6. **Subscriptions:** An employee may not, without the previous sanction of the local authority, ask for or accept from any person, any subscription or other pecuniary assistance in pursuance of any object whatsoever.

7. **Purchase of resignation:** Employees may not enter into any pecuniary arrangement for the resignation by one of them of any office under the local authority for the benefit of the others. Should this rule be infringed, any nomination of appointment consequent upon such resignation will be cancelled and such parties to the arrangement as are still in the service will be suspended, pending the orders of the local authority or the State Government as the case may be.

8. **Lending and borrowing:** (1) An employee shall not lend to or borrow money from, except in the ordinary course of business with a joint stock bank or a firm of standing, or otherwise place himself under a pecuniary obligation to any person subject to his official authority.

(2) Every employee shall, after his appointment as such, submit to the local authority a declaration of the loans made or taken by him to or from any person or persons which are still to be repaid:

Provided that this rule in so far as it relates to the lending to or borrowing from co-operative societies registered under Act II of 1912, shall be subject to any general or special restrictions or relaxations made or permitted by the local authority.

9. **Buying and selling houses and other valuable property:** Save in the case of a transaction conducted in good faith with a regular dealer, an employee who intends to transact any purchase, sale or disposal by other means of movable or immovable property exceeding in value of Rs. 200, with any person residing, possessing immoveable property or carrying on business within the area under the local authority shall declare his intention to the local authority or to such officer as the said authority may appoint. Any declaration shall state fully the circumstances, the price offered or demanded and, in the case of disposal otherwise than by sale, the method of disposal. Thereafter such employee shall act in accordance with such orders as may be passed by the local authority or the officer appointed for the purpose.

10. **Control over immoveable property held or acquired by employee of a local authority:** Every employee or candidate for service under a local authority must make to the local authority concerned, a declaration of all immoveable property which may from time to time be held or acquired by him or by his wife or by any member of his family living with, or in any way dependent upon him.

Such declaration should state the police-station, district and the State within which the property is situated and should give such further information as the local authority may by general or special order require.

11. **Investments other than those in immovable property:** An employee may not make any investment, other than an investment in immoveable property which gives him such private interest in matters with which his public duties are connected as would be likely in the opinion of the local authority to embarrass or influence him in the discharge of his duties.

Subject to this condition he may hold or acquire shares in any Company, including a mining or agricultural company, which has for its object the development of the resources of the country.

Subject to the same condition he may place deposits in Provincial or Central Banks registered under Act II of 1912, and make investments in non-agricultural societies registered under that Act.

12. **Speculation:** An employee may not speculate in investments. In applying this general rule, the purchase of a grant of land supposed to contain minerals with the object of disposing of it to companies, and the habitual purchase and sale of securities of notoriously fluctuating value will be treated as speculation in investments.

13. **Promotion and management of companies:** An employee whether on leave or in active service, may not without the special sanction of the local authority, take part in the promotion, registration or management of any bank or other company.

14. **Private trade or employment:** An employee may not, without the previous sanction of the local authority, engage in any trade or undertake any employment, other than his public duties.

An employee may undertake occasional work of a literary or artistic character, provided that his public duties do not suffer thereby; but the local authority may, in its discretion, at any time forbid him to undertake or require him to abandon any employment which in its opinion is undesirable.

Note: The secretaryship of a club does not constitute employment in the sense of this rule, provided that it does not occupy so much of an employee's time as to interfere with his public duties and that it is an honorary office, that is to say, that it is not remunerated by any payment in cash, or any equivalent thereof other than the customary concessions of free quarters and personal exemption from messing charges only. Any employee proposing to become the honorary secretary of a club, should inform his immediate departmental superior who will decide, with reference to this rule and note, whether the matter should be reported for the orders of the local authority.

15. **Insolvency and habitual indebtedness:** (1) When an employee is adjudged or declared an insolvent, or when one moiety of the salary of an employee is constantly being attached, has been continuously under attachment for a period exceeding two years or is attached for a sum which, in ordinary circumstances, cannot be repaid within a period of two years, he will be considered liable to dismissal.

(2) When such employee is not liable to dismissal otherwise than by or with the sanction of the State Government, the matter must, if he is declared insolvent, and may, if a moiety of his salary is attached, be reported to the State Government, pending the receipt of whose orders he will be suspended from service.

(3) When a moiety of an employee's salary is attached, the report should show what is the proportion of the debts to the salary, how far they detract from the debtor's efficiency as an employee; whether the debtor's position is irretrievable; and whether in the circumstances of the case, it is desirable to retain him in the post occupied by him when the matter was brought to the notice of the local authority or Government.

(4) In every case under this rule, the burden of proving that the insolvency or indebtedness is the result of circumstances which, with the exercise of ordinary diligence, the debtor could not have foreseen or over which he had no control, and has not proceeded from extravagant or dissipated habits, will be upon the debtor.

16. **Communication of official documents or information:** An employee may not, unless generally or specially empowered by the local authority in this behalf, communicate directly or indirectly to employees belonging to other local authorities or to non-official persons, or to the Press, any document or information which has come into his possession in the course of his public duties, or has been prepared or collected by him in the course of those duties, whether from official sources, or otherwise.

17. **Connection with the Press:** An employee may not, without the previous sanction of the local authority, become the proprietor in whole or in part, or conduct or participate in the editing or management of any newspaper or other periodical publication.

Such sanction will be given only in the case of a newspaper or publication mainly devoted to matter not of a political character, and may at any time, in the discretion of the local authority, be withdrawn.

18. Subject to the provisions of rule 16, an employee may contribute anonymously to the Press, but must confine himself within the limits of temperate and reasonable discussion; and, if this connection with the Press is contrary to the public interest, the local authority may withdraw his liberty to contribute. When there is room for doubt whether the connection of any employee with the Press is or is not contrary to the public interests, the matter should be referred to the State Government for orders.

19. **Criticism of local authority and Government and publication of information or opinion upon matters relating to foreign countries:** (1) No employee shall, in any document published under his own name or in any public utterance delivered by him, make any statement of fact or opinion which is capable of embarrassing—

(a) the relations between the local authority and the people or between Government and the people of India or any section thereof, or

(b) the relations between Government and any foreign country.

(2) An employee who intends to publish any document under his own name or to deliver any public utterance containing statements in respect of which any doubt as to the application of the restrictions imposed by sub-rule (1) may arise, shall submit to the local authority under which he is serving a copy of draft of the document which he intends to publish or of the utterance which he intends to deliver, and shall not publish the document or deliver the utterance save with the sanction of the local authority under which he is serving and with such alterations, if any, as the said authority may direct.

20. **Evidence before committees:** An employee may not give evidence before a public committee—

(1) In India, unless he has first obtained the permission of the local authority under whom he is serving;

(2) Outside India, unless he has first obtained the permission of the State Government.

In giving such evidence he must not criticise the policy or decisions of the local authority or of Government.

This rule will not apply to evidence given before statutory committee with power to compel attendance and the giving of answers, nor to evidence given in judicial enquiries.

21. **Taking part in politics and elections:** (1) (i) No employee shall take part in, or subscribe in aid of, or assist in any way, any political movement in India or any political movement relating to Indian affairs.

Explanation: The expression "political movement" includes any movement or activities tending directly or indirectly to excite disaffection against, or to embarrass, the Government or the local authority as by law established, or to promote feelings of hatred or enmity between different classes of people in India or to disturb the public peace.

(ii) No employee shall permit any person dependent on him for maintenance or under his care or control to take part in, or in any way assist, any movement or activity which is, or tends directly or indirectly to be subversive of the local authority or Government as by law established.

Explanation: An employee shall be deemed to have permitted a person to take part in or assist a movement or activity within the meaning of clause (ii), if he has not taken every possible precaution and done everything in his power to prevent such person so acting or if, when he knows or has reason to suspect that such person is so acting he does not at once inform the local authority or the Government.

(2) An employee shall not canvass or otherwise interfere or use his influence in connection with, or take part in, any election to a legislative body or any local authority, whether in India or elsewhere:

Provided that an employee who is qualified to vote at such election may exercise his right to vote but if he does so, shall give no indication of the manner in which he proposes to vote or has voted.

(3) An employee who issues an address to electors or in any other manner publicly announces himself or allows himself to be publicly announced as a candidate or prospective candidate for election to a legislative body or a local authority shall be deemed, for the purposes of sub-rule (2), to take part in an election thereto.

22. **Vindication of acts and character of an employee of a local authority as such:** An employee may not without the previous sanction of the local authority, have recourse to any court or to the Press for the vindication of his public acts or character, from defamatory attacks. In granting sanction to the recourse to a court, the local authority will in each case decide whether it will itself bear the costs of the proceedings, or whether the employee shall institute the proceedings at his own expenses, and, if so, whether, in the event of a decision in his favour, the local authority shall reimburse him to the extent of the whole or any part of the costs.

Nothing in this rule will limit or otherwise affect the right of any employee to vindicate his private acts or character.

AWARD

By Government order No. 1261-I.R./IR/11L-43/58, dated the 26th March 1959, a dispute between Messrs. P. C. Roy & Co. (India) Private Ltd. (hereinafter referred to as "the Company") and their workmen represented by the Kathkal Mazdur Union (hereinafter referred to as "the Union"), has been referred to this tribunal for adjudication.

The issues framed by Government are:—

(1) Increments in wages.

(2) Bonus payable for 1957 and 1958.

(3) Whether the discharge of Shri Serajul Haque is justified. To what relief, if any, is he entitled?

(4) Whether the dismissal of Shri Y. Krishna and Shri Rajnia is justified. To what relief, if any, are they entitled?

Necessary facts and cases of the respective parties regarding each of the issues will be stated in the course of the decision thereof.

Issue No. 1

The Union's case on this point is that the Company introduced some grade and incremental scheme and according to that the workmen are entitled to yearly increment which has been stopped. It has not been clearly stated in the written statement from which year it has been stopped but at the time of the hearing the Union has tried to make out a case that the increment has been stopped from 1957. The Union now demands that the Company should be directed to give the arrears of the said increment as well as a flat increment of Rs. 10 per month over the existing wages which are consolidated for neutralising the rise in the cost of living index.

The Company's case regarding this issue is not very clear from its written statement. It is not specifically denied that it had introduced some grade and incremental scheme or that increment was stopped from 1957.

The Union has also not specifically stated in its written statement what was the grade and incremental scheme introduced by the Company as alleged. At the time of the hearing the President of the Union, namely, Shri Ram Sen (P.W. 1) has proved a chart of increment (Ext. 1) showing that there are five categories of workmen, namely, (1) unskilled labour, (2) Sardar, (3) Machineman, (4) Mistry and (5) Clerks (hereinafter these categories of workmen will be referred to by the aforesaid serial numbers). Exhibit 1 shows that there is no scale of increment fixed for any category of workmen except No. 5; that annual increments were provided for only categories Nos. (1) and (2) at the rate of Rs. 3 and for (3) Rs. 5 and category No. (4) was allowed ad hoc increment of Rs. 20 per month in 1956; and that no scale of increment has been fixed for category No. 4.

Now, the evidence of Shri Sen (P.W. 1) is that in 1954 there was a strike by the workmen in course of which there was a negotiation between the management and the workers' representatives as a result of which the aforesaid increments and scale were agreed upon. Shri Sen has candidly admitted that he has no personal knowledge of the said negotiations, but it has already been stated above that there has been no specific denial on behalf of the Company in its written statement regarding this particular point in issue; also, there has been no denial in the evidence adduced on its behalf and it is to be observed that Shri Anil Kanti Mitra (O.P.W. 1), who was the Company's Officer-in-Charge at the relevant time, i.e., 1954, has been examined in this case on behalf of the Company, but he also has not challenged the evidence of Shri Sen (P.W. 1) on this point.

Now, the alleged arrangements for the increment of the workmen of categories Nos. (1) and (2) and (3) above as proved by Shri Sen (P.W. 1) and (Ext. 1) cannot be recognised judicially and given

effect to for all time to come as no maxima nor any scale of wages of these workmen have been fixed. However, in view of the rise in the cost of living index since 1956, and also in view of the fact that the wages of these workmen as proved by Ext. 1 as well by the chart of wages submitted by the Company (Ext. C) are not much above the minimum wage provided for similar categories of workmen of other industries in this region, i.e., cotton, textile, jute, engineering, etc., and in view of the agreement proved by P.W. 1 and not denied by the Company, the workmen of the Company of the aforesaid categories Nos. (1), (2) and (3) are awarded an ad hoc increment of Rs. 6 (six), Rs. 6 (six) and Rs. 10 (ten) per month respectively with effect from 1st January 1959. The Company is to pay them the arrears of wages on this account.

Exhibit 1 shows that the mistries have been granted an ad hoc increment of Rs. 20 in 1956 and their present wages now are Rs. 125; so, they are awarded an ad hoc increment of Rs. 5 (five) per month with effect from 1st January 1959. The Company is to pay them the arrears of their wages on this account.

For the aforesaid reasons, specially in view of the agreement regarding increment, the above increments are allowed, irrespective of the financial ability or stability of the Company.

For the purpose of clarification it is to be observed that for reasons given above this tribunal does not recognise the rates of increment as proved by P.W. 1 and Ext. 1, and the same shall not be binding on the Company for the future. Future increments are to be obtained either with the consent of the Company or through adjudication.

The matter is somewhat different as regards the clerks. Exhibit 1 shows that a scale has been provided for the clerks as follows:—

Rs. 90—10—150.

This is not denied on behalf of the Company in evidence rather, this part of the Union's case is confirmed by two office orders of the Company [Ext. 2, 2(a)] whereby two office clerks were granted increments according to the aforesaid scale. Hence, it must be awarded that the Company should grant increment to the clerks according to this scale as and when the same fell due and the clerks are to be paid their arrears of increment.

The Union's demand for an overall increase of Rs. 10 per month need not be considered as it is met to a certain extent by the decisions given above.

Issue No. 2

The Union's case in respect of this issue is that the workmen are entitled to get one month's wages as customary Puja Bonus and also profit bonus equivalent to two months' wages for the years 1957 and 1958. The Company's case in its written statement regarding this issue is not at all specific. It is only stated there that "the Company has been running at a loss so much that it is not in a position to declare any bonus irrespective of profit and/or loss of the Company". Shri Sen (P.W. 1), President of the Union, has stated in evidence that the Company had been paying customary Puja Bonus since the year 1953 irrespective of profit according to the scheme as shown in a chart (Ext. 1). This part of the Union's case regarding bonus has not been specifically denied in the Company's written statement as has been already stated above. Also, Shri Mitra (O.P.W. 1) who had been the officer-in-charge of the Company till May 1959, has not denied the same in evidence.

Here, it is to be noted that the Union does not claim this Puja bonus as an express or implied term of employment as has been explained in Mahalakshmi Cotton Mills case (1952 L.A.C., page 370). Shri Sen (P.W. 1) on behalf of the Union has relied on this case but it is of no avail to him as the Union has not claimed this bonus as an implied term of employment. In view of the Union's specific case that they are entitled to get one month's wages as customary Puja bonus, the following conditions, as laid down by the Hon'ble Supreme Court in the case of Grahams Trading Company (India) Ltd., and their workmen (1959 II, L.L.J., page 393), are required to be fulfilled:—

"(i) Whether the payment has been over an unbroken series of years.

(ii) Whether it has been for a sufficiently long period, though the length of the period might depend on the circumstances of each case; even so the period may normally have to be longer to justify an inference of traditional and customary Puja bonus than may be the case with Puja bonus based on an implied term of employment.

(iii) The circumstance that the payment depended upon the earning of profits would have to be excluded and therefore it must be shown that payment was made in years of loss. In dealing with the question of custom, the fact that the payment was called ex gratia by the employer when it was made, would, however, make no difference in this regard because the proof of custom depends upon the effect of the relevant factors enumerated by us, and it would not be materially affected by unilateral declarations of one party when the said declarations are inconsistent with the course of conduct adopted by it.

(iv) And the payment must have been at a uniform rate throughout to justify an inference that the payment at such and such rate had become customary and traditional in the particular concern."

Now, the relevant facts regarding this matter proved by Shri Sen (P.W. 1) are that from 1953 to 1956 the Company paid bonus before the Pujas to its workmen according to the following scale:—

Length of Service of workmen.	Quantum of bonus.
3 years	... 1 month
2 years	... 2/3 month
1 year	.. 1/3 month

and that this bonus was paid even in a year of loss, i.e., in 1956.

From the balance-sheet of the Company for the year 1957 (Ext. D1) it will appear that it had suffered loss in the year 1956. Much stress has been laid by Shri Sen (P.W. 1) on this factor but

it alone is not sufficient for finding that the workmen are entitled to get Puja bonus as a customary and traditional payment specially in view of the fact that the first two conditions, viz. (i) and (ii) above as laid down by the Hon'ble Supreme Court, are not fulfilled in this case. The period over which the bonus had been paid being only 4 years, it cannot be held to be sufficiently long period to infer a customary and traditional payment. The Union appears to have complained to the Labour Department of the Government regarding non-payment by the Company of bonus for the years 1957 and 1958 shortly after the same fell due (Exts. 3, 3a), and it claimed one month's wages as Puja bonus. This claim also is not a proper factor for holding that the workmen are entitled to customary Puja bonus as alleged; for, the complaint to the Labour Department contains nothing but unilateral statements of the Union on this particular point and this cannot be regarded as sufficient evidence of its claim on this head. The Company seems to have paid bonus for 4 years as a matter of bounty and then stopped it owing to financial inability.

As a result, it is held that the workmen are not entitled to any bonus as customary and traditional Puja bonus.

Shri Sen (P.W. 1) on behalf of the Union has not pressed the Union's claim for profit bonus for the years 1957 and 1958 in view of the apparent loss shown by the Company in its balance-sheets for those years (Exts. 0, D1). Here, it is to be mentioned that Shri Sen (P.W. 1) has not admitted the correctness of the balance-sheets which have been filed by the Company at a very late stage after much higgling and which Shri Sen has not sufficient opportunity to scrutinise. However, he has been candid enough to accept them at their face value in order to avoid further delay in the hearing of the case.

The Company has not specifically denied in its written statement or evidence the claim of the Union regarding customary Puja bonus, but this by itself is no ground for upholding this claim, for it involves a mixed question of fact and law and the initial onus is upon the Union to prove the relevant facts. From the facts proved on the Union's side as stated above, it cannot be inferred that they are entitled to get customary Puja bonus as claimed.

In view of the facts and circumstances discussed above, it is awarded that the workmen are not entitled to any kind of bonus for the years 1957 and 1958.

Issue No. 3

This issue has not been pressed by the Union at the time of hearing. So, it is held that the discharge of Shri Serajul Haque was justified and he is entitled to no relief.

Issue No. 4

The Company suspended two workmen, namely, Shri Y. Krishna (P.W. 2) and Rajaia (P.W. 3) with effect from 13th December 1958 on a charge of insubordination and insulting Shri A. K. Mitra (O.P.W. 1), Officer-in-charge of the Company. They were charge-sheeted and ultimately dismissed after some alleged enquiry.

The Union's case is that these two workmen were unjustly dismissed on a motive of victimisation.

The Company's case on this point is that these workmen were dismissed because of their misconduct towards their superior officer regarding which proper enquiries were made and on evidence it was found that they had insulted their superior officer and had threatened him with violence.

Neither party has stated in detail the facts that led up to the charge-sheet by the Company against these workmen. However, it is common ground that at or about the time of the alleged incident the Company had not paid its workmen their wages for two months and so some workmen together with P.Ws. 2 and 3 approached the Officer-in-charge, namely, Shri Mitra (O.P.W. 1) and demanded their unpaid wages.

Now, the Company's case is that the workmen became enraged and threatened O.P.W. 1 with violence on the first day of the demand, i.e., on 6th December 1958 and they repeated the same performance on three other subsequent days, viz., 8th, 9th and 10th December 1958, and the local police had to be called on each of these days for maintaining peace and thereafter P.Ws. 2 and 3 and another man were charge-sheeted and an enquiry was held as a result of which the management decided to dismiss them.

The point to be decided in connection with this matter is whether the enquiry against the workmen was held properly and in good faith or whether there was want of any good faith and there was victimisation or unfair labour practice and whether there has been a basic error or violation of the principles of natural justice on the part of the management and whether on the materials the finding of the management is completely baseless or perverse.

At the outset, it is to be observed that the workmen did nothing wrong in approaching the Officer-in-charge (O.P.W. 1) to demand their arrears of wages which had not been paid for two months. It was also not unlikely that these ill-paid people might have got exasperated on account of the non-payment of their wages by the Company and there might have been hot exchange of words between them and O.P.W. 1. In view of the background of the alleged incident, it is to be expected that the Company would have the enquiry held in the fairest manner and the enquiring officer would come to a finding against the workmen upon the most cogent and reliable evidence. But the Company did a very curious thing. It had the enquiry made by the aggrieved person himself, namely, O.P.W. 1. This was against the principles of natural justice. For under no circumstances the identical person can be the plaintiff and the judge, or the complainant and the magistrate. Further, there is no reliable evidence on the side of the Company that notices of the dates of the enquiry were given to the workmen by the enquiring officer or that the former were present at the time of enquiry and were allowed to cross-examine the witnesses. The witnesses were Shri Nalini Mohan Ghose (O.P.W. 2), an employee of the Company who is said to have been in the same room with O.P.W. 1 at the time of the incident, Shri Jagadamba Misir (O.P.W. 3), a head durwan of the Company, and Shri Surajbani (O.P.W. 4),

office durwan of the Company. That this witnesses were not properly examined by the enquiring officer, namely, O.P.W. 1, will appear from the record of the enquiry (Ext. A) wherefrom it is found that they put their signatures to typed statements. It is not in evidence as to who typed this statement. Further, the evidence of O.P.W. 3 and O.P.W. 4 before this Tribunal shows that their typed statements in the record of the proceeding are not correct; for, the typed statements show that they proved the allegations of insubordination, etc., against the workmen but in their evidence before this tribunal they have not corroborated the same. Further, it is said by O.P.Ws. 1 and 2 that the local police was called on all the four days of the incident and they came but the enquiring officer, namely, O.P.W. 1, did not examine any member of the police who are alleged to have gone to the spot at the time of incident, nor any record of the local thana has been called for to prove that such incident actually took place and the police did actually render help.

From the facts and circumstances, it will appear that O.P.W. 1 became enraged on account of the demand of the workmen for their unpaid wages and P.Ws. 2 and 3 were charge-sheeted perhaps because they took the leading part in the demand and O.P.W. 1 after getting the typed statements of O.P.Ws. 2, 3 and 4 signed by them submitted a report to the management for dismissal of P.Ws. 2 and 3 which the management appears to have accepted. Necessarily, the conclusion should be that the charge-sheet and the resultant enquiry against P.W.s 2 and 3 are vitiated as the same were actuated by the motive of victimisation of P.W.s 2 and 3 and that the enquiries were not properly conducted and there was a basic error in having the enquiries made by O.P.W. 1.

Hence, it is to be held that Shri Y. Krishna and Shri Rajain, i.e., P.W.s 2 and 3, have been dismissed without any justification and the Company should reinstate them within a month of the publication of this award and should pay them their wages from the dates of their suspension till the date of their reinstatement and the continuity of their services should be regarded as unbroken.

This is the award.

Duff Group Mills Clerks' Association, Titaghur, Purani Bazar, Mahatma Gandhi Road, Titaghur, 24-Parganas, regarding matters specified in the second schedule of the Act, to this court for adjudication:

Schedule

Is the dismissal of Shri Nirmal Kumar Mitra justified? To what relief, if any, is he entitled?

AWARD

This is a dispute arising out of alleged illegal and unjustified dismissal of Shri Nirmal Kumar Mitra previously in the employment of Messrs. Shyamnagore Jute Factory Co. Ltd. (North Mill), Bhadreswar, Hooghly, hereinafter referred to as the Company for the sake of brevity.

The Union's case in its written statement in short is as follows:—The workman concerned joined the Company on 25th October 1946 as a Relieving Clerk in the Store Department and was confirmed on 25th January 1947. He was transferred to

Mackie Unit as a Weighing Clerk in March 1958 after his 13 years' service as an Office Clerk where he was charge-sheeted on 29th May 1958 under rule 14(C) (1) and (IX) of the standing orders for alleged disobedience to carry out the lawful orders of his Departmental Head, in that he failed in completing the Efficiency Book after the scheduled working hours although specifically asked to do so, etc On 7th December 1955 he was charge-sheeted for late attendance and as a tribunal case was pending the Company sought the permission of the Hon'ble Appellate Tribunal to dismiss him The Appellate Tribunal did not grant the permission, and the Company asked for a letter of apology from the workman and the Appellate Tribunal advised the workman to tender apology Since then the Company was ill-disposed towards him and was on the look out for a plea to get rid of him. The aforesaid transfer of the workman from Office to the factory is not the normal practice of the Mills On Monday, i e , on 26th May 1958 at 10 p m when he came to report for normal duty, the Overseer asked him to explain why the Efficiency Book was not completed on Sunday morning and he was charge-sheeted on 29th May 1958 In the circumstances, the Union contends that the dismissal of the workman is illegal and unjustified and opposed to principles of natural justice

The Company in its written statement denies the allegations in the written statement of the Union and contends that the workman was duly charge-sheeted, and an enquiry was held wherein he was given all reasonable facilities to defend himself, and as a result of the enquiry he was dismissed In the circumstances the Company justifies the order of dismissal of this workman, and resists the workman's prayer for any relief

Decision

The case was fixed for hearing on 15th March 1960 On this date the Company put in a petition stating that the workman concerned tendered resignation on 16th January 1960 which was accepted by the Company The workman accepted all his retiral dues on 19th February 1960 and also made over a petition to the Company stating that the case should be withdrawn. Along with the petition of compromise the resignation letter tendered by the workman as also a copy of the letter addressed by him to the Chief Personnel Officer of the Company stating that he is no longer interested in this case, has been filed before this Court Furthermore a certified copy of the receipt granted by the workman to the Company evidencing acknowledgment of a total sum of Rs 1,515 65 nP from the Company and declaring that he has no other claim against the Company in respect of salary and for services rendered, has been filed The General Secretary to the Union signed the petition filed by the Company on the date of hearing of this case (15th March 1960) The terms of compromise appear to be fair, reasonable and lawful, and may be given effect to The dispute is thus disposed of in terms of petition of compromise which do form a part of the Award

AWARD

A dispute between several Companies including Messrs. Textile Machinery Corporation Ltd. (hereinafter referred to as "the Company"), and their workmen, was referred to this Tribunal for adjudication by Government order No. 5441-I.R./D/10L-116/56, dated the 20th December 1956.

During the pendency of that dispute the instant application has been filed by 174 workmen of the Company (described in Schedule "A" to this award): Their case is that prior to 1951, shift duty arrangement in the factory of the Company was (1) 7-30 a.m. to 4-30 p.m., and (2) 8 p.m. to 4-30 a.m., but the Company changed the said duty hours and introduced new shift duty known as "A" shift and "B" shift, the working hours of which were respectively 6 a.m. to 2-30 p.m. and 2-30 p.m. to 11 p.m. Due to this change of shift the petitioners who are train passengers were put to serious trouble. "A" shift train passenger workers found it difficult to attend at 6 a.m. and the "B" shift workers were put to trouble in catching their home-bound train according to the timings of the trains prescribed by the Railway Authorities. So, they were granted some "special privileges of grace in the matter of late attendance and benefit of early departure without any deduction from wages" (vide paragraph 11 of the application of the workmen). They continued to enjoy this privilege for many years. The "A" shift workers were allowed this privilege of grace up to half-an-hour for late attendance while those of "B" shift were allowed the benefit of early departure up to 1 hour without any deduction from wages. The Management of the Company stopped this privilege without any notice in November 1957 which is tantamount to arbitrary change in the condition of service. The appeals of the Union to the Management and to the Labour Directorate in this matter turned out to be futile. So, the workmen have filed this application praying that the Company be directed to allow them special privilege of late attendance and early departure as stated above without any deduction from wages and also the Company be directed to pay all wages deducted on this ground.

The Company has filed a written statement. Its contention is that the application under section 33A of the Industrial Disputes Act is not maintainable as the Company has not contravened any of the provisions of section 33 of the Act, and as the instant application has not been properly presented by the applicants concerned. As regards the merits of the case, the Company contends that it has no knowledge as to whether the workmen reside at Calcutta or other distant places as alleged save and except regarding certain workmen of whom the Company has in its possession recorded addresses. Beyond such record, the Company has no knowledge as to the place of residence or other matters incidental thereto regarding the workmen. The Company further denies the correctness of any address which are not registered in the Company's record. The Company admits that as a special case certain workers were allowed to come late and their late coming was individually condoned on special request and permission. The Company specifically denies that there was any customary concession or that there was any condition of service allowing the workmen in general or any workman to come late or to violate the rules of punctual attendance of the shift duty hours, in terms of the provisions of the Standing Orders.

The Company also denies the allegation that the workmen of the "A" shift have been enjoying the

privilege of late attendance up to ½ hour without any deduction from wages. The Company also denies the allegation that the workmen of "B" shift have been enjoying the benefit of early departure up to 1 hour without any deduction from wages.

The Company further states that after several warnings as conditions did not improve and unauthorised late coming persisted, the Company was compelled to put up a notice in November 1957 forbidding irregular attendance of the workmen and this was not tantamount to change in the condition of service of the workmen.

The points that arise for decision in this case are (1) whether the application under section 33A of the Industrial Disputes Act is maintainable and (2) what reliefs the workmen are entitled on the merits of the case.

Decision

Point No. 1: The action of the Company in directing the daily passenger workers to attend and leave their shift duties punctually according to the prescribed hours was taken during the pendency of the proceeding in this Tribunal in connection with the aforesaid reference made by Government, but in order to enable the petitioners in this case to challange this action of the Company by way of an application under section 33A of the Act, it must be established by them that the Company has taken the action in contravention of any of the provisions of the first three sub-sections of section 33 of the Industrial Disputes Act.

It is common ground that the action of the Company is not hit by sub-section (3) of section 33 of the Act. The Company contends that its action comes within the scope of sub-section (2) of section 33. It, prima facie, appears to be so; for, it has been provided in sub-section (2) that during the pendency of any adjudication proceeding in respect of an industrial dispute the employer may in accordance with the Standing Orders applicable to a workman concerned in such dispute alter in regard to any matter not connected with the dispute the conditions of service applicable to that workman immediately before the commencement of such proceeding.

There is no dispute regarding the fact that the Company is entitled according to the terms of its statutory Standing Orders to enforce punctual attendance of its workmen and to deduct their wages for irregular attendance. The industrial dispute during the pendency of which the Company took the impugned action involved the following issues:—

(1) Wages, grades and scales of pay.

(2) Dearness Allowance.

Apparently, the matter relating to the timely attendance of the workmen and the deduction of their wages by the Company in case of irregular attendance are not in regard to any matter connected with the said dispute and hence it is to be held as has been maintained by the Company that its impugned action comes under section 33(2)(a) of the Industrial Disputes Act, and so, there has been no contravention of section 33. Against this, it has been contended on behalf of the Union that as the Company has deducted wages for irregular attendance, so the impugned action of the Company in enforcing regular attendance of the workmen and in deducting their wages if they failed to do so is connected with the aforesaid dispute because wages were amongst the subject-matter of that dispute. This is a very tortuous argument and cannot be yielded to. If such an argument be accepted then any action taken by an employer against a workman during the pendency of an industrial dispute may be somehow or other connected with the subject-matter of the dispute. In the instant case, the deduction of wages of the workmen on account of their irregular attendance has no direct, nor indirect, connection with the issue regarding wages and grades and scales of pay. If one of the issues had been regarding the working hours of the workmen, it might have been contended that the impugned action of the Company in deducting the wages of the workmen for irregular attendance was connected with the dispute pending for adjudication. For, in that case, the question might have been mooted by the workmen in the form that irregular attendance of the train passengers for unavoidable reasons was a condition of their service in view of which they were entitled to work for a lesser period than the working hours prescribed for the shifts. There being no such issue in the aforesaid dispute regarding working hours, the Company, which according to its Standing Orders was entitled to enforce regular attendance of all workmen and to deduct their wages in case they failed to do so, did not contravene any provisions of section 33 as its action fell within the scope of section 33(2)(a) of the Industrial Disputes Act. It has been candidly conceded by the learned representative of the workmen, namely, Shri Ram Sen, that the instant application under section 33A of the Act will not be maintainable if it be found that the Company's action come under section 33(2)(a) and as this is the finding of the Tribunal, it is held that the instant application under section 33A is not maintainable.

Here it may be observed that if the Company's action could be brought under the scope of section 33(1)(a) of the Act, it would have been held to have contravened the provision of section 33(1) as the same could not have been taken save with the express permission in writing of this Tribunal.

Another point regarding non-maintainability of the instant application has been urged on behalf of the Company. It is this:

The application has not been properly filed by the petitioners concerned and they have not been properly represented at the time of the hearing. This contention cannot be upheld; for, it appears that the 174 applicants are signatories to this application and it is not proved on behalf of the Company that Shri Ram Sen who has conducted their case on their behalf at the time of hearing has none of the representative capacities as are prescribed in section 36(1) of the Industrial Disputes Act.

However, the instant application under section 33A of the Act is held to be not maintainable, as it has been found above that the impugned action of the Company comes under section 33(2)(a) of

the Act and it has not been taken in contravention of any of the provisions of section 33 of the Act.

Point No. 2: In view of the finding made above that the instant application is not maintainable, the merits of the case regarding the reliefs claimed by the workmen are left undecided as the same are not required to be gone into. However, it seems that the workmen's case also fails on merits. From the evidence on record it cannot be held that they can claim as a matter of right the alleged concession regarding late attendance and early departure. What the Company did in the past was to allow some relaxation in the time of attendance or in the time of departure (as the case might be) of some individual workers as a matter of grace and this element of "grace" is admitted in the written statement (vide paragraph 11). It seems that taking advantage of the pendency of the aforesaid industrial dispute a large number of workmen of the Company have come before this Tribunal by way of an application under section 33A to speculate whether they can have a permanent right sanctioned judicially to attend late and depart early from the factory. It may be observed here that 41 workmen amongst the petitioners are not now in the Company's employ. Further there are other shifts besides "A" and "B" shifts as admitted by the Union's witness (P.W. 1). These workmen may be placed in the other shifts. In that case, they may not require any relaxation in the prescribed hours of attendance. Also, such a general relaxation in the hours of attendance will not be just and proper. The necessity for a grace in this matter should be proved in each individual case. However, no relief can be granted to any workman in this case, even if it be held that the aforesaid grace in the hours of attendance is a privilege and a condition of service of the workmen and has been withdrawn without notice, as urged by the workmen (though the Company maintains that proper notice was given to the workmen before entering punctual attendance). Even if the Company has contravened the provision of section 9A of the Act as contended by the workmen, they cannot get any redress in this application under section 33A of the Act, for reasons already mentioned. They may have a reference made under section 10 of the Act.

In spite of the observations and findings made above, it is suggested as a matter of recommendation that the Management may consider whether in the interest of industrial peace, the workmen who are train passengers should be placed in such shifts as would not inconvenience them regarding their time of arrival or departure or whether in suitable individual cases some concession in the time of arrival and departure may be granted without deduction of wages.

In the matter of an industrial dispute existing between Messrs. Parry and Company Limited, Mercantile Buildings, 9 Lall Bazar Street, Post Box No. 208, Calcutta-1, and their workmen represented by the Parrys (Cal.) Employees' Union, C/o Association of Employees' Unions, 23 Netaji Subhas Road, Calcutta-1, under Government order No. 3677-I.R./IR/11L-543/59, dated the 3rd August 1959,

And

In the matter of an industrial dispute existing between the same aforesaid Company and its workmen represented by the same aforesaid Union, under Government order No. 4439-I.R./IR/11L-543/58, dated the 12th September, 1959. (Cases Nos. VIII-216 of 1958 and VIII-88 of 1959.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri P. K. SARKAR, Judge, Second Industrial Tribunal.

Present for the Company: Shri J. N. Chatterji, Deputy Labour Adviser, Indian Engineering Association.

Present for the Union: Shri Jiten Banerji, Secretary of the Union.

These two industrial disputes between the same parties were originally referred for adjudication under section 10 of the Industrial Disputes Act to the Third Industrial Tribunal by two Government orders, dated 11th November 1958 and 25th April 1959 respectively and subsequently by two Government orders, dated 3rd August 1959 and 12th September 1959, respectively, they were withdrawn from the said tribunal and transferred to this tribunal under section 33B of the Industrial disputes Act for the purpose of speedy disposal. As the disputes are between the same parties and the issues are interrelated in many respects the two references have been heard together in this tribunal and this same award will govern both of them.

In order to appreciate the points in dispute between the parties a short history of certain previous adjudications is necessary. The employer Messrs. Parry & Co., Ltd., which will hereafter be referred to as the Company, is one of the oldest business houses in India having been established in Madras in the year 1788. The Company's Head Office is in Madras but it has got a branch office in Calcutta with some godowns and an engineering factory. The Company does business of engineering production and also deals in chemical and pharmaceutical and other goods having agencies of various foreign firms. The present Union

representing its workmen in Calcutta was formed in 1947 and in consequence of its demands the Company was made a party to the First Major Engineering Tribunal which made an award on 4th June 1948 and it was published in the "Calcutta Gazette" on 30th June 1948. In the meantime the Government had constituted a tribunal for the adjudication of certain disputes between the big mercantile firms of Calcutta and their office-staff which was called the Mercantile Tribunal and this Company was also made a party to that tribunal. But the Mercantile Tribunal did not adjudicate upon the disputes between this Company and its office-staff because it was already governed by the award of the Engineering Tribunal. After the expiry of the award of the Engineering Tribunal the employees of the Company demanded an increase in pay scales with certain other benefits and this dispute was adjudicated upon by a tribunal presided over by Shri G. Palit who made an award on 20th April 1950 which was published in the "Calcutta Gazette" of 11th May 1950. This award will hereafter be referred to as the Palit Award. The employees were not, however satisfied with this award and demanded the higher pay scales and dearness allowance awarded by the Mercantile Tribunal and in November 1952 this dispute which was described as a dispute between the Company and their Head Office employees was referred by the Government to a tribunal presided over by the late Shri S. K. Niyogi. This Tribunal made its award on 16th November 1953 which was published in the "Calcutta Gazette" of 10th December 1953. This award which will hereafter be referred to as the Niyogi Award improved upon the scales of pay and the dearness allowance fixed by the Palit Award for the clerical and subordinate staff of the Head Office. The employees appealed against the award to the Labour Appellate Tribunal claiming among other things that the same pay scales and dearness allowance should also be applicable to the clerical and the subordinate staff attached to the Company's godowns in Calcutta but that appeal was dismissed as it was outside the scope of the reference.

The present references have arisen out of the same dispute for the application of the pay scales and dearness allowance fixed by the Niyogi Award to the clerical and subordinate staff of the Company's godowns in Calcutta and certain other disputes touching all the employees of the Company. The first issue of the first dispute referred to the tribunal on 11th November 1958 relates to the claim for extension of the benefits of the Niyogi Award to the godown staff in respect of grades and scales of pay and dearness allowance and the second issue of the second dispute referred to the tribunal on 25th April 1959 relates to the claim for dearness allowance for the Sircars and the subordinate staff of the godowns. The Union has claimed dearness allowance for them according to the Bengal Chamber of Commerce scales as awarded by the Mercantile Tribunal. Next there are two general issues relating to medical benefits and leave applicable to all the workmen of the Company and the Union wants an improvement of the conditions laid down by the Palit Award regarding them. There is also a claim for festival holidays for the gate durwans who do not now enjoy this benefit. Finally there are demands for grant of increments to, and upgrading of certain individual workmen. The details of the claims on these points and the Company's objections thereto will be referred to when I consider the specific issues. The following are the issues in the two references:—

Issues

(First reference)

1. Whether the benefits of the Niyogi Award published in the "Calcutta Gazette," dated the 10th December 1953, be extended to godown staff of the Company at 9 Lall Bazar Street and Kidderpore in respect of grades and scales of pay, dearness allowance and working hours.
2. Medical benefit.
3. Festival holidays for Gate Durwans at Kidderpore godown.
4. Whether the non-granting of increments to increments to the following workmen was justified? To what relief are they entitled?

(Second reference)

1. Leave.
2. Dearness allowance for sub-staff and sircars.
3. Whether the following employees shall be placed in the grades noted against their names?
   (i) Shri M. K. Dey—Special.
   (ii) Shri A. C. Bose—"B".
   (iii) Shri S. R. Ghosh—Outdoor clerk.
   (iv) Shri S. M. Hoque—Markman.
   (v) Shri B. N. Nanda—Godown clerk.
   (vi) Shri M. K. Chakravorty—Customs Sircar.
   (vii) Shri B. N. Ghosh—Customs Sircar.
   (viii) Shri Gour Mohan Dutta—Customs Sircar.

Issue No. 1 (of the first reference)

This issue is whether the benefits of the Niyogi Award should be extended to the godown staff of the Company at Lal Bazar and Kidderpore in respect of grades, scales of pay, dearness allowance and working hours. At the time of hearing, however, it was stated on behalf of the Union that the workmen had no grievance regarding the working hours and that the only question to be decided is whether the grades and scales of pay and dearness allowance fixed by the Niyogi Award should be extended to the godown staff. At the time of the reference the Company had 4 godowns, viz., 2 at Kidderpore and 2 at Lall Bazar, and they are the godowns mentioned in the reference. At present the Company has 5 godowns—2 at Kidderpore, 2 at Chowringhee and 1 at Lal Bazar. What has happened since the reference is that the Company's Head Office in Calcutta has been shifted

from Lal Bazar to Chowringhee and this has led to the shifting of the Lal Bazar godowns also to Chowringhee—only a portion of one of the Lalbazar godowns containing pharmaceutical goods being retained there. According to the Company's statement, Ext. A, the godown staff consists of certain clerks, sircars, durwans and peons besides a carpenter and some packers and helpers. The carpenter, packers and helpers are not represented by the present Union and the Union has stated that it does not want any adjudication regarding them. They are Nos. 1 to 5 and 10 to 14 in the list of store workers under class II in the Company's statement, Ext. A. They along with the cooper S. N. Das and the sweeper Dalmira mentioned in the said statement who are not also represented by the Union should therefore be excluded from the present adjudication which will be confined only to the clerks, the sircars and the subordinate staff, viz., durwans and peons.

So far as the clerks are concerned, the Company has voluntarily extended to them the benefits of dearness allowance on the scales of the Bengal Chamber of Commerce as awarded by the Mercantile Tribunal, though it was not bound to do so under the award of the Engineering Tribunal, or under the Palit Award. Their pay scales are, however, governed by the Palit Award. The same scales of dearness allowance had also been voluntarily extended by the Company to the clerical staff of its Head Office in Calcutta before the Niyogi Award and the main ground on which the pay scales and grades of the clerical staff of the Head Office were revised by the Niyogi Award was that the Company having extended to them the benefits of the Bengal Chamber of Commerce scales of dearness allowance, it could not very well refuse to them the grades and pay scales awarded by the Mercantile Tribunal. The same argument has been addressed to me and it has been stated by the Union that it had at the time of that adjudication pressed the case of the clerical staff of the godowns also but that it failed to secure justice for them because the reference was confined to the Head Office staff. It has been contended that since the scales of dearness allowance are the same for the Head Office clerical staff and the godown clerical staff, there was no justifiable ground for any discrimination between them in the matter of pay scales.

Two preliminary objections to the Union's demands have been taken by the Company. The first objection is that the Labour Appellate Tribunal having rejected the Union's claim for extension of the benefits of the Niyogi Award to the godown staff and that decision being still binding on the parties, it is not open to the Union to reagitate that claim. But that claim was rejected by the Labour Appellate Tribunal as being outside the scope of the reference which was confined to the Head Office staff. This is clear from its judgment. The claim was not rejected on the merits. Neither the Tribunal nor the Labour Appellate Tribunal had jurisdiction to adjudicate on that claim because it was outside the scope of the reference under section 10 of the Industrial Disputes Act and that is what the decision of the Labour Appellate Tribunal amounts to. No objection can therefore be taken to consideration of the claim on its merits on a fresh reference. The second objection is that the Union has not proved any material change in the circumstances since the Palit Award necessitating its revision. But the fact that the Niyogi Award has since revised the scales of pay of the Head Office staff as fixed by the Palit Award and the further fact that the Company has since extended the higher scales of dearness allowance fixed by the Bengal Chamber of Commerce to the godown clerical staff certainly constitute material changes in the circumstances on which the Palit Award was based. Both the preliminary objections should therefore fail.

The Company has next pleaded that the existing discrimination in the matter of pay scales between the clerical staff of the Head Office and that of the godowns is justified because the nature of the work performed by the godown clerical staff is entirely different from, and inferior to, the nature of the work done by the Head Office clerical staff and the latter do more responsible and intricate work and have superior educational qualifications. It is also stated that the Company voluntarily agreed to extend the Bengal Chamber of Commerce scales of dearness allowance to the godown clerical staff with a view to reach on overall settlement on all the issues and that this should not be construed as willingness on the part of the Company to treat them on the same footing as the Head Office clerical staff. It is true, as the Manager of the Company has stated in his evidence, that the Company does not require or insist on such educational qualifications in the case of godown clerical staff as it does in the case of Head Office clerical staff, but the educational standard is only the passing of the Matriculation or School Final examination. There are also matriculates among the clerks of the godowns, e.g., M. K. Dey (P.W. 5). Of course, there are some graduate clerks in the office but for them there is a different grade. It may also be conceded that on the whole the duties of the clerical staff of the Head Office are more responsible and complicated than the duties of the clerical staff of the godowns. A list of the duties of the godown clerical staff has been filed by the Union and excepting in respect of a few items it is not denied that they have to perform such duties. The godowns are stores and the godown clerks have to perform all the duties in connection with stores, viz., to maintain accounts, registers and stock cards and prepare reports. In the office also there are clerks performing routine duties and it cannot be said that all of them have the same kind of responsibilities and have to do intricate work. So far as the clerks in the lowest pay scale in the office doing routine work are concerned, I do not think that it can reasonably be said that there is any material or marked difference between them and the godown clerks. Nor do I think that any slight difference in this respect ought to materially affect the scales of pay of those who have almost similar educational qualifications. I may also mention in this connection that the Company has sometimes transferred clerks from the office to the godowns and vice versa. Some instances have been given by the Union which have not been denied, though they have been sought to be explained as temporary

measures. However the fact of inter-transfer is there and cannot fairly be ignored. Above all there is the most important consideration that the clerical staff of the godowns enjoys the same scale of dearness allowance as the Head Office clerical staff.

As a matter of fact there is not very great difference between the lowest grade of clerks (grade C) fixed for the Head Office by the Niyogi Award and that fixed by the Palit Award. In the Niyogi Award the C grade is Rs. 70—4—134 while in the Palit Award it is Rs. 60—3—120. I think that in view of the considerations mentioned above and to do justice to the clerical staff of the godowns the lowest or C grade of the Niyogi Award should be extended to them in place of their existing C grade. The B grade of the Palit Award meant for the graduates which was Rs. 70—4—150 was considerably improved upon by the Niyogi Award and raised to Rs. 110—7—180. This grade cannot and should not be extended to the clerical staff of the godowns as the Company does not want such educational qualifications for them and it has not been stated that there are any graduates amongst the godown staff. The Palit Award also fixed a special grade Rs. 100—5—200 which is available to and is actually being enjoyed by some of the clerks of the godowns, as will appear from the statement, Ext. A. This grade compares favourably with the B grade of the Niyogi Award because though it has got a starting which is lower than the B grade by Rs. 10 it has got a higher maximum. I think, however, that in all fairness there should be a higher rate of increment in the later stages of this grade. This grade is accordingly recast as follows—Rs. 100—5—130—7—200. The special grade of the Niyogi Award—Rs. 160—10—260 is obviously inapplicable to the godown staff. I award accordingly that the existing C grade of the clerical staff of the godowns be substituted by the grade Rs. 70—4—134 and the existing special grade be substituted by the grade Rs. 100—5—130—7—200. The existing grade B of the Palit Award is abolished as unnecessary for the godown clerks. Promotions in future will be from the grade C to the special grade fixed above.

As regards fitting in the above grades I direct that those clerks who are in the existing grade C should be placed in the stage next higher to their present pay of the scale of revised grade C and should get two further increments in the scale. There are two clerks in the existing grade B, according to Ext. A. They should be absorbed in the revised special grade and should be placed at the next higher stage in the scale with one further increment. Those in the existing special grade should be placed in the next higher stage of the revised scale with one further increments. This should be given effect to from the date of publication of this award.

As regards dearness allowance, the clerks are already getting it according to the Bengal Chamber of Commerce scale and so the only direction necessary is that this scale should be retained for them.

I next come to the case of the Sircars. According to the statement, Ext. A, there are 3 Sircars in the godowns. A grade had been demanded for them at the time of the Palit Award but the said award fixed no grade for them. A grade was fixed for the Sircars by the Niyogi Award which was revised by the Labour Appellate Tribunal and the grade so revised is Rs. 65—2—95—98—3—140. The Union has asked for extension of the same grade to the sircars named in Ext. A and the Union's case is that these sircars are really attached to the Head Office and not to the godown. The Manager of the Calcutta Branch of the Company has stated that there were no Sircars attached to the Head Office at the time of the Niyogi Award. If so, it does not appear why a grade should have been fixed for them by that award, or why the Labour Appellate Tribunal should have revised that grade. No such case was made by the Company at that time. The Manager had to admit that one of the Sircars G. M. Dutta was never attached to the godowns but was an outdoor Sircar. He may be an outdoor officer as all the Sircars are likely to be, but if he is not attached to any godown he must be attached to the Head Office. By now attaching the Sircars to the godowns the Company cannot avoid extending to them the grade fixed by the Labour Appellate Tribunal. The very fact that a grade was fixed for the Sircars as belonging to the Head Office staff without any objection on the part of the Company shows that they were then treated as attached to the Head Office and, in any case, there being now no other Sircars in the Head Office this grade should be deemed to have been fixed for the three existing Sircars and should be made available to them. I direct accordingly that they should be given that grade. Each of the Sircars should be fitted in this grade by being placed at the stage next higher to their present pay and will receive three further increments in the scale. This will be effective from the date of publication of this award. The dearness allowance to be paid to the Sircars is the subject-matter of a specific issue, viz., the second issue of the second reference, and will be considered in connection with that issue.

As regards the subordinate staff no change was made by the Niyogi Award in the grades fixed by the Palit Award and so no question of extension of the Niyogi Award in the matter of pay scales can arise in their case. They must continue to be governed by the Palit Award. The question of their dearness allowance will, however, have to be considered in connection with the specific issue framed on the point, viz., issue No. 2 of the second reference which I propose to take up next.

Issue No. 2 (of the second reference)

The subordinate staff and the Sircars of the godowns on whose behalf this issue has been raised are at present paid dearness allowance according to the award of the Second Engineering Tribunal. The demand of the Union is that they should be paid dearness allowance according to the scales of the Bengal Chamber of Commerce as in the Head Office. So far as the Sircars are concerned, it is claimed that they are, and should be treated on the same footing as clerks and should, therefore, get the scales of dearness allowance fixed by the Niyogi Award. But that award only directed that

the clerical employees would get dearness allowance as before according to the Bengal Chamber of Commerce scales and thereby confirmed the scales which the Company had voluntarily extended to them. The Company had not given the benefits of such scales to the Sircars and the award did not extend the said scales of them. The Sircars were not actually treated on the same footing as clerks and the very fact that a sparate and lower grade was fixed for them shows that they could not have been so treated. I cannot agree therefore that the Sircars are entitled to get the same dearness allowance as the clerical staff.

As regards the subordinate staff the Union has complained that the Company has no uniform scale of dearness allowance for them. It appears from the statement, Ext. A, that while the majority of them get dearness allowance at the rate of Rs. 31, according to the award of the Second Engineering Tribunal, four of them are paid at higher rates. There are two Durwans who are getting Rs. 58 per month. The Manager's evidence is that this is due to the fact that they were transferred from the Head Office where they were already getting dearness allowance on the Bengal Chamber of Commerce scale. Two other Durwans are getting dearness allowance at the rate of Rs. 49 per month because they were getting at such scales from before. The Union has protested against this discrimination and demanded that the subordinate staff should all get dearness allowance according to the Bengal Chamber of Commerce scale as in the Niyogi Award. But on the same ground as in the case of the Sircars the benefits of the Niyogi Award cannot be claimed for the subordinate staff of the godowns because that award only confirmed what the Company had voluntarily extended to the subordinate staff of the Head Office. It may be that in some concerns in Calcutta no distinction is made in the matter of dearness allowance between the subordinate staff of the Head Office and that of the godowns, as has been alleged by some witnesses for the Union, but that cannot be taken as the general practice and must be due to voluntary action on the part of the said concerns. Such distinction cannot be taken as discriminatory. The distinction is there and so far as I know it is common to the engineering industries. The Third Engineering Tribunal refused to extend the Bengal Chamber of Commerce scales of dearness allowance to the subordinate staff of the engineering industries and that for very good reasons. I cannot therefore accept the Union's demand on this point.

At the same time I find that the dearness allowance fixed by the Second Engineering Tribunal is no longer suitable since it has been revised considerably by the award of the Third Engineering Tribunal. Though the Company was not a party to that award, nevertheless I think that by virtue of its position and importance it should revise its present scales in the light of that award. It is in a prosperous condition and there is no question that it cannot afford to do so. I accordingly award that the Sircars and the subordinate staff of the godowns including the Tallymen and the sub-clerk mentioned in Ext. A, should get dearness allowance according to the scales fixed by the award of the Third Engineering Tribunal presided over by Shri G. Palit and published in the "Calcutta Gazette, extraordinary," of November 5, 1958.

Issue No. 2 (of the first reference)

The present position is that the Company retains a registered medical practitioner who is available for free consultation at his dispensary on all working days. The employees are given free supply of mixtures prescribed by the said medical practitioner and free injections, the injectibles being supplied by the patients, and in case of serious illness the doctor also visits the patient at his residence. The Union wants that all up-to-date medicines including injectibles should be supplied free of cost and that the doctor should visit the employees at their residence outside Calcutta. It is further demanded that the employees should get the facilities of hospital treatment and full payment of medical bills. Such claims seem to be extravagant. Medical aid was also an issue before Shri G. Palit and he considered the existing arrangement to be adequate in his award. No new circumstances have intervened since then. Medical aid is not the sole responsibility of the Company and the Company cannot be expected to supply free all kinds of costly medicines and injections to the employees. Nor can the Company be asked to arrange for free treatment of the employees living outside Calcutta. It appears from the Company's letter to the Union, dated 10th September 1956 (Ext. 5), that where an employee lives at a great distance from the doctor's dispensary the employee is given permission by the Company to call in a local doctor and when such permission is given the Company bears the cost of the local doctor's prescriptions for compounded medicines. Reference was made in this connection to the case of Kuramchand Thappar & Bros., reported in 1953 L.A.C., p. 152. But the facilities awarded in that case cannot be taken as the standard and there is nothing to show that it is a comparable concern. The Mercantile Tribunal left the matter to the discretion of each Company. The existing facilities are, in my opinion, sufficient and no further direction is necessary.

Issue No. 3 (of the first reference)

The Union has made a grievance of the fact that the gate Durwans at Kidderpore godowns do not get the festival holidays which are enjoyed by the other staff. The Company's case is that it is not usual to grant festival holidays to the durwans who are in charge of gates as it is necessary that they should keep watch over the Company's properties during the holidays. It is clear therefore that by the very nature of their duties the gate durwans should not be granted such holidays. The Union recognised this but suggested that they should be compensated in some manner for the loss of holidays. The Company has mentioned in its written statement that it will have no objection to pay double the normal wages to the gate durwans who may be required to work on a National holiday like Republic Day or Independence Day. I accept this proposal not only for the National holidays but also in respect of other festival holidays on

which the gate durwans may have to work This will be sufficient compensation to them I direct accordingly that the gate durwans should get double the normal wages for working on festival holidays

Issue No. 4 (of the first reference)

The Union's grievance on this issue is that the Company has withheld the granting of increments to the workmen named therein in violation of the Palit Award These workmen are operatives in the factory and some of them are semi-skilled while others are unskilled The Palit Award fixed a grade (C) with annual increments for three years for the unskilled workmen and another grade (B) with a higher rate of increment for six years for the semi-skilled In giving directions for the fitting in of the existing workmen in these grade Shri Palit observed "Where a man in a certain grade has already reached the maximum provided under the above pay scale, he should either be promoted to the next higher grade or, at all events must be given the increment available to such higher grade" It is said that these workmen have not been given further increments after reaching the maximum of the respective grades (B or C) in which they were placed This is not, however quite correct The Company has filed a statement (Ext G) showing that these workmen have received further increments exceeding the maximum of the respective grades fixed by the Palit Award In fact Ext H shows that the Company has revised the rate of the Palit Award for both grades B and C for the better Each of these workmen is getting higher wages than what he would have got under that award The above direction which was given for the purpose of fitting in the grades fixed cannot be cited as a direction for automatic promotion for one grade to another Such promotion is a function of the management and must depend on trade tests I am satisfied from the statement, Ext G, that these workmen cannot have any legitimate grivence and are not entitled to any further relief

Issue No. 3 (of the second reference)

The claim on this issue is that the employees named therein should be upgraded So far as the first employee M K Dey is concerned the claim that he should be given the special grade fixed by the Palit Award has already been conceded by the Company, as would appear from Ext A No 2 A C Bose is a Time-keeper in the C grade of the Palit Award (Ext A) The Union wants that he should be promoted to the B grade The B grade of the Palit Award has been abolished by this award Besides promotion from one grade to another is a matter for the Company to decide and it should be left to the discretion of the Company without any interference from the Tribunal The C grade has been revised and he will get some increments by this award No 3 S R Ghosh is a sub-clerk according to the statement, Ext A and the Manager's evidence is that he has been promoted from the workers' grade and has been given a higher grade of Rs 45—3—75 created by the Company for such promotees who are literate for doing some routine jobs The Union wants that he should be designated as an outdoor clerk and put in the clerical grade But he is not actually a clerk and he is not entrusted with the duties of a clerk Therefore the Union's demand regarding him cannot be accepted No 4 S M Hoque is a store worker in the semi-skilled B grade The Union's demand is that he should be designated as a marksman But there is no such designation in existence and there is no grade for it No case has been made out why he should be given a higher grade Nos 6 7 and 8 are the three Sircars and I have already directed that they should get and be fitted in the grade for the Sircars fixed by the Labour Appellate Tribunal I say nothing about No 5 B N Nanda as the Company has agreed to reconsider his case and on that understanding the Union did not press his case before me

Issue No. 1 (of the second reference)

The existing conditions are that the clerks get 14 days' privilege leave cumulative up to 28 days, 10 days' casual leave and 15 days' sick leave on full pay and allowances The subordinate staff get privilege leave for 14 days non-cumulative and sick leave for 15 days on full pay This was settled by the Palit Award The demand of the Union on behalf of all employees is that the privilege leave should be for one month, casual leave for 14 days and sick leave for one month on full pay for each year of service subject to a maximum of 12 months in all or alternatively sick leave for one month on full pay and thereafter for two months on half pay The leave facilities demanded are out of all proportion to what are normal in such establishments and exceed what was awarded by the Mercantile Tribunal No reason has been shown why the Palit Award on the point should be disturbed It appears, however, that in the Mercantile Tribunal Award privilege leave for those clerks who have put in 10 years' service or more was fixed at 28 days per year and since the pay scales of that award have been extended to the clerical staff of this Company I think that privilege leave for the clerical staff should be fixed on that basis I direct accordingly that those clerks who have put in 10 years of service and over should be entitled to 28 days privilege leave annually on full pay and allowances cumulative up to 56 days Subject to this the existing leave conditions will continue

For the Company: Shri N. K. Mukherjee, Advocate.

The Government of West Bengal, in the Department of Labour, by order No. 1531-I.R./IR/13L-13/59, dated 18th April 1959, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), an industrial dispute between Messrs. Calcutta Press Private Ltd., 1 Wellington Square, Calcutta-13 and their workmen represented by West Bengal Press Workers' and Employees' Union, 84/1A Bowbazar Street, Calcutta-12, regarding matters specified in the second schedule of the Act, to this Court for adjudication:—

Schedule

Whether the dismissal of Shri Dinabandhu De is justified? What relief, if any, he is entitled to?

AWARD

This is a dispute arising out of alleged illegal and unjustified dismissal of Shri Dinabandhu De, previously employed in Messrs. Calcutta Press Private Ltd., 1 Wellington Square, Calcutta-13, hereinafter referred to as the Press for the sake of brevity.

Decision

Besides the point referred to this Court for determination, the learned Advocate for the Press also raised a point that this is not an industrial dispute. So, an additional issue, namely, whether this is an industrial dispute also comes up for determination. I take up this issue first. From the very order of reference it appears that this workman, an employee of Messrs. Calcutta Press Private Ltd., is represented by the West Bengal Press Workers' and Employees' Union. This is a Union of the Press industry itself. So, following the principles laid down in the case of Express Newspapers Ltd. reported in 1951 L.L.J., Vol. I, pages 600-604 quoted hereunder, I hold that this is an industrial dispute:—

"Where the Union is of the workmen employed in that particular industry, it may be presumed that when a Union takes up the cause of an individual workman it signifies a concerted action on the part of the workmen who are members of that Union."

The learned Advocate for the Press argued that since there was no meeting of the Union, nor was there any resolution made by the employees of the Press over the dismissal of the workman concerned, it cannot be said that the Union collectively took up his cause. I do not think, this contention of the Press is sound as the Union being verbally approached by the majority of workmen of the Press took up his cause and obtained this order of reference from Government. That the members of the Union did not hold any meeting or make any written resolution as contended for the Press does not affect the industrial character of the dispute. Furthermore, it appears from Ext. 1 that 48 employees of the instant Press approached the Managing Director for withdrawal of the order of suspension passed on the workman concerned. That goes to signify that the majority of employees of this Press collectively espoused his cause. The Press has adduced no evidence to rebut the presumption that the Union stands at the back of the workman and supports his cause. I, therefore, hold that this is an industrial dispute, and the reference is competent and the Court is entitled to adjudicate upon it.

Next, I take up the point as to the justifiability or otherwise of the dismissal of the workman concerned. The Press justifies the dismissal of the workman on the basis of the charge-sheet, dated 11th November 1958 (Ext. A), drawn up against him. The gist of the charge is the workman's refusal to obey the orders of the Supervisor Shri Sachindra Sen Gupta who asked him to correct the defects and complete a half-finished task which was very urgent, and secondly, the impertinent, indisciplined and insulting behaviour of the workman towards the Managing Director Shri Santi Kumar Ghosh on 8th November 1958. The workman admittedly accepted one charge-sheet, and in his explanation (Ext. B) denied the charges levelled against him. So far as the first charge is concerned, the implication of his explanation is

that he could not do the task imposed upon him as he apprehended that it would not be taken into consideration in assessing his output of work To this the evidence of the Press is that whatever work is put in by an employee, is taken into consideration There is no dispute that the task which he was asked to carry out was not his normal duty, and so as a Compositor-employee of the Press he was bound to carry out that task So far as the second charge is concerned the workman has also denied it At this stage, I would observe that this workman was placed under suspension for 12 days from 11th November 1958, but this suspension order was withdrawn at the intervention of his colleagues and he was permitted to rejoin on 24th November 1958 The Press undisputedly held an enquiry into the charges The proceedings of the enquiry are marked Ext I The enquiry was first fixed for 20th November 1958, but at the intervention of Biraj Babu and Basu Ahmed who suggested that the workman would offer an apology, and so awaiting that apology the enquiry stood adjourned to 22nd November 1958 and a draft apology was in course of preparation and so it was again adjourned The workman did not offer any apology but ultimately took a stand that the charge-sheet should be first withdrawn and apology would follow For the Press, it is said that the draft apology was made over to the workman which he did not ultimately give, and so the enquiry was to be held on 26th November 1958, but the enquiry could not be held on that date even, and ultimately it was adjourned to 28th November 1958 (vide Ext D series) The enquiry commenced admittedly, and within a few minutes of its commencement the workman left the venue of enquiry For the Press, it is said that the workman was asked to sign in token of his presence at the enquiry which he refused to do, and thus within 10 minutes of the commencement of the enquiry he left the place without participating in the enquiry at all For the Union, it is contended that the result of the enquiry should be discarded as principles of natural justice were violated, and the workman was victimised Principle of natural justice means that no one should be condemned unheard (audi alteram partem) In this case, it is common ground that the workman left the place of enquiry within 10 minutes of its commencement His plea is that Shri Saroj Bose (C.W 1) asked him to leave the place of enquiry Shri Saroj Bose has denied this It is difficult for me to believe that the workman left the place of enquiry at the mere asking of Saroj Bose Neither Shri Saroj Bose was competent to so order, nor was the workman bound to listen to this unjustified and unwarranted order of Shri Saroj Bose After the workman left the place of enquiry, the enquiry proceeded in due course, of course, behind the back of the workman The Press examined three witnesses viz., Saroj Bose Paritosh Roy and Sachindra Sen Gupta and Shri Santi Kumar Ghosh Managing Director, put in a written statement (Ext N) at the enquiry, and the Enquiring Officer Shri H Das found him guilty and submitted his findings (Ext K), and the Managing Director passed orders (Ext O), dated 26th December 1958, dismissing him from service I have gone through the evidence recorded at the enquiry which leads me to the same conclusion as reached by the Press The learned representative for the Union argued that the decision reached at the domestic enquiry should be discarded as vitiated by violation of principles of natural justice and victimisation I do not think, principles of natural justice were violated as the workman was given opportunity to put in his defence and examined his own witnesses and cross-examine witnesses for the Press, but he denied himself the opportunity afforded to him by leaving the venue of enquiry In such circumstances, it cannot be held that the Press is guilty of violation of principles of natural justice If the Press had held the enquiry sub rosa and clandestinely behind the back of the workman, it might be observed that the principles of natural justice were violated In the instant circumstances, it would be dangerous to hold that principles of natural justice were violated, and in that case it would be putting premium upon such non-co-operative conduct of the workman and placing employers in an embarrassing position so as to nullify all such domestic enquiries As regards the allegation of victimisation, there is nothing cogent to establish this plea Thus having due regard to all circumstances, I am unable to reject the result of the enquiry

Apart from the domestic enquiry, both parties adduced evidence in this Court The Press examined C W 1, Shri Saroj Bose, Legal Adviser of the Association of Master Printers of West Bengal Ltd, Shri Nirmal Das Gupta, the then Administrative Officer of the Press (C W. 2), Shri Santi Kumar Ghosh, Managing Director (C W 4), Shri Sachindra Mohan Sen Gupta, Supervisor (C W 5) and Shri Paritosh Roy (C W 6), Office Assistant-in-charge of the Association of Master Printers, before this Court From a perusal of the evidence as a whole, I conclude that both the charges formulated in the charge-sheet are proved I have no cogent reasons to disbelieve the evidence adduced in this Court for the Company, unless the contention of the Union that the Company simply victimised the workman for his active trade unionism is accepted as Gospel truth In fact, no malice or ill will can be attributed to the Press which withdrew the suspension order and gave him wages for the suspension period If the workman would have tendered an apology there would have been an end of the dispute, but it appears he was ill-advised and refrained from tendering an apology. As regards the plea of victimisation, it may be pointed out that the evidence on the side of the Union is that this workman was the Vice-President of the Union since June 1958, but there is no evidence to show that any letter was addressed to the Press intimating his Vice-Presidentship Besides, the conduct of the Press shows that it bore no grudge or ill will against the workman since the order of suspension was withdrawn and he was allowed full wages for the period of suspension The Press intended giving him a full hearing, but he by his own conduct, i e, by being absent from the enquiry, denied himself the opportunity of being heard at the enquiry However, the evidence adduced for the Company in Court barring minor discrepancies here and there which are quite natural after a lapse of 2 years,

is deemed quite adequate for making out the charges. I find none of the vitiating elements present in this case as laid down in the case of G. C. McKenzie and others reported in 1959 L.L.J., Vol. I, page 285, which lays down as follows:—

"Undoubtedly, the management of a concern has power to direct its own internal administration and discipline; but the power is not unlimited and when a dispute arises, industrial tribunals have been given the power to see whether the termination of service of a workman is justified and to give appropriate relief. In case of dismissal on misconduct, the tribunal does not, however, act as a Court of Appeal and substitute its own judgment for that of the management. It will interfere—

(i) when there is want of good faith,

(ii) when there is victimisation or unfair labour practice,

(iii) when the management has been guilty of a basic error or violation of a principle of natural justice, and

(iv) when on the materials the finding is completely baseless or perverse.

It is for the management to determine what constitutes major misconduct within its standing orders sufficient to merit dismissal of a workman, but in determining such misconduct it must have facts upon which to base its conclusions and it must act in good faith without caprice or discrimination and without motives of vindictiveness, intimidation or resorting to unfair labour practice, and there must be no infraction of the accepted rules of natural justice. When the management does have facts from which it can conclude misconduct, its judgment cannot be questioned provided the abovementioned principles are not violated. But in the absence of these facts or in case of violation of the principles set out above, its position is untenable.

In the absence of any of the vitiating circumstances mentioned above, it would not be open to the industrial tribunal (in the instant case by the Labour Appellate Tribunal in appeal) to disbelieve the evidence of a witness examined at the domestic enquiry and come to a different conclusion on merits."

The same principles have since been very lucidly reiterated in the case of National Tobacco Co. of India Ltd. by the Calcutta High Court reported in Vol. 64, Calcutta Weekly Notes, pages 304-324. Thus I find that the decision of "guilty" as reached by the Press at the domestic enquiry cannot be interfered with and it stands. Thus as the result of independent enquiry as well held by the Court where both parties adduced all their evidence, I hold that the charges of disobedience to carry out lawful orders of the Supervisor and his impertinent and insulting behaviour towards Shri Santi Kumar Ghosh, Managing Director, on 8th November 1958 are proved.

Next, I come to the question of punishment. The Press refers to the award passed by Shri A. Das Gupta in 1948, and justifies the dismissal of the workman concerned under paragraph 18(b)(i) and (viii) for wilful insubordination or disobedience, etc. This workman has put in about 10/11 years' service in the Press, and I think, having regard to his past record of service which is not wholly clean and in the interests of justice, the order of dismissal may fitly be converted into one of discharge, and thus the order of dismissal is converted into one of discharge, and he may be given 3 months' wages as compensation for loss of service.

To sum up, the dispute is held to be an industrial dispute, and the order of dismissal is converted into one of discharge. The Press is directed to pay the workman his 3 months' wages at the rate of Rs. 116 per month (i.e., Rs. 348) within a month of the publication of this award.

This is my award.

Decision.

Both the parties put in their respective written statements and the case was ready for hearing. 27th April 1960 was the date fixed for hearing. In the mean time on 25th March 1960 the parties put in a joint petition of compromise stating that the workmen concerned withdrew all their claims against the Company including the claim of reinstatement and the Company on the other hand agreed to make some ex-gratia payments to the workmen concerned within a month of the publication of this award. The terms of compromise appear to be fair, reasonable and lawful and may be given effect to. The dispute is thus disposed of in terms of the petition of compromise which do form a part of the award.

In the matter of an application under section 33 of of the Industrial Disputes Act filed by Messrs. Clive Mills Co., Ltd., 43/1, Garden Reach Road, against one of their workemn, viz., Shri Omar Ali, C/o. Bengal Chatkal Mazdur Union, Begg House, Calcutta-24. (Case No. 84/33/1959.)

In the matter of a complaint under section 33A of the Industrial Disputes Act filed by the above Shri Md. Omar Ali against the aforesaid Company. (Case No. 50/33A/1959.)

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

Present:

Shri HEM RANJAN DEB, Presiding Officer, Second Labour Court.

Appearances:

For the Company: Shri N. M. Das Gupta, Advocate.

For the Complainant: Shri Patit Paban Pathak.

Under reference No. 2431-I.R./IR/7J-2(B)/58, dated Calcutta, the 12th June 1958, Government of West Bengal, in the Labour Department, referred an industrial dispute between Messrs. Clive Mills Co., Ltd. (hereinafter referred to as the Company) and their workmen to the First Industrial Tribunal for adjudication. During the

pendency of the dispute the Company filed an application under section 33 of the Industrial Disputes Act on 17th January 1959 before that Tribunal for approval of the action of the Company in dismissing Shri Md Omar Ali, one of their workmen, for alleged misconduct On 24th November 1958 the above Shri Md Omar Ali filed a complaint under section 33A of the Industrial Disputes Act before that Tribunal alleging violation of section 33 of the Industrial Disputes Act by the above company in respect of the dismissal and praying for reinstatement and other relief The First Industrial Tribunal, as authorised by Government by notification No 1916-I R /IR/8A-1/58, dated 13th May 1958 transferred both the application and the complaint on 5th September 1959 to this Court for disposal On a prayer of both sides both the cases were heard together and the evidence recorded in the case under section 33A was treated as evidence in the case under section 33

The case of the company, in brief is that Shri Md Omar Ali who was a canteen vendor sat with his tea utensil on a passage by the side of the Beam Machine at about 6 a m on 27th September 1958, thereby blocking the passage As a result that machine could not be worked The Beam clerk asked him to go away from the passage with his tea utensils, but he refused to do so Then the Beam clerk reported this to the Weaving Overseer who came there and asked Shri Md Omar Ali to go away from the place with his tea utensils, thereby making the passage open But Shri Md Omar Ali refused to do so and enter into an altercation with the Weaving Overseer He, however, left the place 15 minutes later As a result the machine had to be stopped for 15 minutes. The Weaving Overseer issued to him a charge-sheet for that reason Shri Md Omar Ali gave an explanation and an enquiry was properly held by the Manager of the Company As a result of the enquiry the Manager came to the finding that the machine could not work for 15 minutes due to the action of Shri Md Omar Ali Accordingly the Manager dismissed him on 7th October 1958

The case of the Union on the other hand is that on 27th September 1958 at about 8-30 a m the Beam Clerk picked up a quarrel with Shri Md Omar Ali a little later the Weaving Overseer came to Shri Md Omar Ali and asked him to deposit his utensils in the canteen immediately He was later served with a charge-sheet to which he duly replied The enquiry which was held was not fair and the statements of the witnesses produced by Shri Omar Ali were not recorded at the enquiry So the Union contends that the order of dismissal passed on Shri Md Omar Ali is unjustified

Findings

So in respect of both the cases the following points crop up for determination —

(1) whether the Company filed the application under section 33 in time,

(2) whether one month's wages was paid to Shri Md Omar Ali,

(3) whether the complaint under section 33A is maintainable;

(4) whether the dismissal of Shri Md Omar Ali is justified

Shri Md Ali in his complaint under section 33A says that he did not receive any intimation about his fate after suspension, in spite of his repeated representations Then on 13th October 1958 he wrote a letter to the Company saying that if no reply was received by him, he would think that his services had been terminated wrongfully He did not get any reply to that letter and so he filed the complaint under section 33A The Company has produced the charge-sheet Ext A on the back of which there is an order of the Manager to the effect that Shri Md Omar Ali was dismissed and was offered one month's pay But there is no documentary evidence to show that the order of dismissal was communicated to Shri Md Omar Ali or that he was offered one month's pay Though the dismissal order was passed on 7th October 1958, the Company filed the application under section 33 on 17th January 1959, about a month after the filing of the complaint under section 33A by Shri Md Omar Ali So I hold that the application of the Company under section 33 was not filed in time and that Shri Md Omar Ali was not paid one month's pay as required by that section So there has been a clear violation of the provisions of section 33 of the Industrial Disputes Act Hence the complaint of Shri Md Omar Ali under section 33A is maintainable

As to the merits of the case, it has been contended by Shri Md Omar Ali that he was not allowed to cross-examine the witnesses who deposed on behalf of the Company The Manager of the Company who held the enquiry refuted that contention But Ext B series which are statements of the witnesses at the enquiry do not show that the witnesses were offered for cross-examination by Shri Md Omar Ali The Enquiring Officer has not cared to draw up a report to show how he came to the finding All he has stated about the enquiry has been noted at the back of Ext A Therein also he does not say that he gave an opportunity to Shri Md Omar Ali to cross-examine the witnesses examined on behalf of the Company Shri Md Omar Ali has further contended that the statements of witnesses produced by him were not recorded He has been corroborated in this respect by P W 3 Shri Kalindi Charan Tinka Though the Manager has denied this contention the evidence adduced in this case leads to the inference that Shri Md Omar Ali was not given opportunity to adduce evidence in support of his defence Even the untested testimony of some of the witnesses examined on behalf of the Company at the enquiry does not support the finding made by the Manager So I hold that there has been a violation of the principles of natural justice in this case Hence I considered the evidence adduced before me to come to a finding whether the above charge against Shri Md Omar Ali has been proved

The main charge is that as Shri Md Omar Ali blocked the passage, the Beam machine had to be stopped for about 15 minutes The man who should have been the principal witness in this case, viz the Weaving Overseer has not been produced before me by the Company None of the witnesses who were examined on behalf of the Company at the enquiry was produced before me

This was perhaps because most of them gave evidence, inconvenient to the Company at the enquiry. The Manager who has adduced evidence before me says that he has no record to show that the Beam Machine was stopped for 15 minutes. It also appears from evidence that Shri Md. Omar Ali was doing nothing unusual on 27th September 1958. It is admitted by the Beam Clerk O.P.W. 2 that Shri Md. Omar Ali used to sell tea by moving about by the side of the machines and also by sitting on open space. It appears to me that the Beam clerk and the Overseer became angry with Shri Md. Omar Ali for his having entered into an altercation with them and this is the reason of the charge-sheet having been issued to him.

In view of the above considerations, I hold that it has not been proved that the machine was stopped for 15 minutes or that Shri Md. Omar Ali was responsible for it. Hence I hold that the dismissal of Shri Md. Omar Ali is unjustified. As such I do not approve of the action of the Company in dismissing Shri Md. Omar Ali and order that he be reinstated. As his conduct has not been unquestionable, in that he entered into an altercation with the Weaving Overseer, I do not order payment of back wages to him. The period of his absence until the date of reinstatement should be treated as a period of leave without pay. The above order shall take effect within 15 days of the publication of the Award in the "Calcutta Gazette".

TEMPORARY REGULATIONS FOR THE PREVENTION AND CONTROL OF SMALL-POX.

1. In these regulations unless there is anything repugnant in the subject or context,—

(*a*) "Health Officer" means the Health Officer of the district appointed by the State Government, the Chief Medical Officer of Health of the district, or the Subdivisional Health Officer of any of the subdivisions of the district within their respective subdivisions;

3. If any measure which the Health Officer has by a notice issued under these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice the Health Officer shall be entitled to carry out the measure.

Costs and compensation

4. (1) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the State Government except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by such person:

Provided that where the conditions which led the Health Officer to pass such an order, are not attributable to any act or default of the person in possession of the property, the State Government may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The State Government may recover all expenses incurred by the Health Officer in carrying out the measure under regulation 3 from the person or persons to whom the notice was originally issued.

5. The State Government shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done or suffered under these regulations if he has failed to carry out an order issued under these regulations. He shall not direct the patient to be removed from the house unless it is, in his opinion, impossible to make proper arrangements for his isolation therein within the time specified in the order and to the satisfaction of the Health Officer.

Location of disease

6. When a case of small-pox occurs in a house, the nearest male relative in attendance upon the patient, or in the absence of any such relative the occupier of the house, or if the occupier be the patient, the senior male inmate of the house other than the patient of the house shall, within twenty-four hours of the onset of the disease, give information regarding the occurrence of such case either personally or in writing or by means of the chaukidar or other village watchman to the nearest Sanitary Inspector.

7. (1) Every medical practitioner called in to attend upon any case of small-pox shall forthwith give notice of the case by a special messenger to the nearest Sanitary Inspector or to the Health Officer by post and the cost of such messenger in each case shall be defrayed by the State Government.

(2) The doctor-in-charge of a hospital or a dispensary within the district shall forthwith give notice of any case of small-pox brought to such hospital or dispensary for treatment to the nearest Sanitary Inspector by a special messenger and to the Health Officer by post, and the cost in each case shall be defrayed by the State Government.

8. Presidents of union boards in union board areas and thana officers in non-union board areas shall supply to the Health Officer such periodical returns of cases of small-pox as he may from time to time call upon them to furnish.

9. The Health Officer or a Sanitary Inspector may examine any person who is, or suspected to be, suffering from small-pox or who, in his opinion, may be infected with or likely to spread small-pox.

Isolation of patients

10. 12. The Health Officer or a Sanitary Inspector may order that any person who has been in contact with a person found to be suffering from small-pox shall be vaccinated or re-vaccinated within a time to be specified in the order.

13. No person shall enter any place wherein a patient is isolated under regulation 10, without the permission of the Health Officer or a Sanitary Inspector.

14. When a patient has been removed from a house for isolation under regulation 10, the State Government shall provide for him free of charge a suitable place, with necessary attenadnts, dies, etc.

(*ii*) that he is taken to the hospital direct and the conveyance does not halt at any other place for transacting any business; and

(*iii*) that excepting one or two attendants for the patient no other person is carried in the conveyance at the same time.

25. No person shall expose in any street, shop, bazar or any public place any clothing, bedding or other article which has been in contact with a patient or shall cause or suffer such articles to be carried in any public conveyance, but nothing in this regulation shall apply to a person who transmits any such article for the purpose of having the same disinfected with the following precautions against spreading the disease:—

(*i*) the article is so well covered with a cloth soaked in strong solution of formalin (1 in 400), lysol (1 in 500), izol (1 in 500), or of saponified cresol (1 in 160), that it does not come directly in touch with the body of the conveyance;

26. Every conveyance in which a patient or a dead body of a person who has died of small-pox or any article that has been in contact with a patient is carried shall be disinfected before it is used again. The disinfection will be effected—

(*i*) in the case of a conveyance carrying a patient to hospital, by the authorities of the hospital before such conveyance leaves the hospital;

(*ii*) in the case of a conveyance carrying any clothing, bedding or other article of a patient to the disinfecting station, by the authorities of such station; and

27. No person shall carry or permit to be carried in a public conveyance the dead body of any person who has died of small-pox without the previous written permission of the Health Officer, or a Sanitary Inspector and without taking the following precautions against spreading the said disease:—

(*i*) the dead body is so well covered with a cloth soaked in a strong solution of formalin (1 in 400), lysol (1 in 500), izol (1 in 500), or of saponified cresol (1 in 160) that the discharge and scabs from the lesions do not come directly into touch with the body of the conveyance;

(*ii*) the dead body is taken to the burial or cremation ground direct and the conveyance does not halt at any other place for transacting any business; and

31. The Health Officer may direct that no person shall bury or cause to be buried any corpse, which, in the opinion of the Health Officer, is likely to spread small-pox, in a grave, not constructed of masonry and less than 6 feet deep.

32. The Health Officer may order that no *dome* or other person employed for the disposal of corpses shall withdraw from his duties without the permission of the Health Officer unless such *dome* or other person has given notice in writing not less than one month previously of his intention so to withdraw.

33. The Health Officer or a Sanitary Inspector may themselves or through any person authorised by the Health Officer or the Sanitary Inspector in that behalf seize and dispose of any corpse which in the opinion of the said officer or inspector is infected with or is likely to spread small-pox, unless the relatives or friends of the deceased person satisfy him that they are prepared and able to dispose of the corpse in a manner which will prevent the spread of small-pox.

34. (1) The Health Officer or a Sanitary Inspector may require any person who appears to be acquainted with facts in connection with any case or suspected case of small-pox to attend before him at a time to be stated in the order and at any place not more than one mile from the place where such person resides or is staying when the order is issued, and such person shall appear as so required.

AWARD

By Government order No. 3933-I.R./IR/10L-91/58, dated the 14th August 1959, a dispute between Messrs. Sen Raleigh Industries of India Limited (hereinafter referred to as the Company), and their workmen represented by the Sen Raleigh Cycle Factory Mazdoor Congress, c/o Asansol Iron and Steel Workers' Union (hereinafter referred to as the Union), has been referred for adjudication to this Tribunal.

The issues framed by Government are—

(1) Whether the dismissal of Shri Jataram Goala is justified? To what relief, if any, is he entitled?

(2) Whether the closure of the Receiving Section is justified?

Issue No. 1: The Union's case is that Shri Jataram Goala was working as a helper in Department No. 48 (which comprises, according to the Foreman [O.P.W. 1] Press, Auto Turnery, Handling and Forging Sections). On 7th May 1959 he was served with a charge-sheet alleging that he had refused to work as a handling man in another section and he had been idling away his time. On 9th May 1959 he submitted a reply to the charge-sheet denying the allegations made in the charge. The Company fixed 21st May 1959 as the date for hearing of the matter. Shri Goala requested the Company to allow Shri C. M. Ojha, a co-worker, to represent him in the enquiry, but the latter was not allowed leave on the date of the enquiry and on 22nd May 1959 the Company issued a letter of dismissal dispensing his service with effect from 23rd May 1959.

The Company's case on this point is that Shri Goala was employed as a Shop Labourer or handling man in the Auto and Turnery Section and he was working as a handling man in the Turnery Section. Due to his unsatisfactory feeding of the operatives in that section the work there suffered and the Foreman of the department transferred him from that section to the Auto Section to work as a handling man, but he refused to work in the Auto Section and continued to stay in the Turnery Section without doing any work. As he deliberately refused to carry out the reasonable and lawful orders of his superior, a charge-sheet was issued to him to which he replied and a departmental enquiry was held by an officer of the Company. It is not a fact that the Company did not allow leave to Shri C. M. Ojha to attend the enquiry. In fact, arrangements were made to get release of Shri Ojha for attending the enquiry, but at the time when it was held, Shri Goala though requested, refused to bring Shri Ojha to attend the enquiry. A proper enquiry was held and the finding of the Enquiring Officer was that Shri Goala was guilty of the charge and so, he was dismissed by the Company according to its Standing Orders and he is entitled to no relief whatsoever.

At the time of hearing, Shri Goala has not been examined as a witness to deny the charge that he had refused to carry out the order of transfer and had wasted and idled away his time without doing any work, or that at the time of enquiry he was asked to bring his observer Shri Ojha and had failed to do so. So, there is no reason to disbelieve the evidence of Shri Kamal Bose (O.P.W. 1) foreman of Department No. 48 and that of the Enquiring Officer Shri B. N. Bagchi (O.P.W. 2), the Labour Officer of the Company. It has been proved by them as well as the relevant documents (Exts. A to K) that Shri Goala was transferred by O.P.W. 1 from the Turnery Department to the Auto Shop with effect from 7th May 1959 but he did not comply with that order and persisted in staying in the Turnery Department and idled away his time.

That he did so is apparent from his reply (Ext. E) to the charge, dated 9th May 1959; for he maintained in it that he worked as a helper in the Turnery Department and he was working as usual and did his usual duties and there had been no

programme of his transfer to any other department. Apparently, the man did not obey the order of his superior, namely, O.P.W. 1. Perhaps he thought, and it has been also argued on his behalf at the time of hearing, that O.P.W. 1 was not the proper person to transfer him from one section to another and so, he disobeyed the latter's order; but O.P W. 1 says that he is authorised by the Company to pass such orders of transfer and there is no reason to disbelieve him. Even if he was not authorised to pass such orders of transfer, the workman, namely, Shri Goala should not have taken the law into his own hands and decided whether the order was justified or not and flouted the same. If really he thought that O.P.W. 1 had no authority to pass such an order, he should have complied therewith and then appealed to the management against that order. If workmen be given the jurisdiction to judge the merits and demerits, the propriety or impropriety of the orders of their superiors and to act according to their judgment there will be no limit to indiscipline and insubordination; in a word, it can be said that chaos would prevail. So, it is held that Shri Goala was guilty of insubordination and idling away his time and he was rightly charged for his misdemeanour.

The enquiry against him was also properly held by Shri Bagchi, O.P.W. 2. From the records proved in this case of the Company, it appears that Shri Ojha, the observer selected by Shri Goala was to be released from his duties for the purpose of attending the enquiry but Shri Goala did not care to call him at that time. He seems to have adapted an attitude of non-co-operation then. Be that as it may, the enquiry is held to have been properly made and there has been no violation of the principles of natural justice. Also, no motive of victimisation has been established. There was absolutely no mala fide on the part of the Management in dismissing Shri Goala. It is therefore to be held that the Company's action against Shri Goala is quite justified and he is entitled to no relief whatsoever.

It has been contended on behalf of Shri Goala that he could not be transferred from one section to another as there was no such provision in the Standing Orders of the Company. This argument is misconceived; for, there is such a provision in the Standing Orders (Ext. 1) (vide section g of paragraph 2).

Issue No. 2: The emphatic statement of the Company regarding this issue is that there has been no closure of the Receiving Section as such (vide paragraph 4 of the written statement of the Company). The Union has not also proved that this section has been closed. So, the question does not arise as to whether closure of the Receiving Section is justified or not. For, one cannot have a headache without a head.

It has been contended on behalf of the Union that some workmen of the Receiving Section have been transferred to some other sections to the detriment of their existing conditions of service. It is neither here, nor there so far as the issue framed is concerned. If that be the grievance of the Union, it may agitate the matter properly and get a proper reference made by Government. So far as this issue in the present case is concerned it is to be left unanswered in view of the facts and circumstances discussed above.

This is the award of the Tribunal.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:
Shri G. KUMAR, District Judge.

Appearances:

For the Company: Shri J. K. Ghose, Advocate of Messrs. Orr Dignam & Co., Solicitors.

For the Union: Shri D. L. Sen Gupta, Advocate, and Shri M. M. Saha, Advocate.

By Government Order No. 1604-I.R./IR/10L-62/59, dated the 22nd April 1959, a dispute between Messrs. Associated Electrical Industries (India) Private Ltd. (hereinafter referred to as the Company), and their workmen represented by Associated Electrical Industries India Ltd. Welfare Association (hereinafter referred to as the Union) has been referred to this Tribunal for adjudication.

The only issue framed by Government is:

1. Whether the workmen are entitled to any additional bonus for the year ended on 31st October 1957. If so, what should be the quantum of such bonus?

AWARD

It is common ground that the Company has paid one month's basic pay to some of the workmen and at a higher rate to the rest at the time of the Puja of 1958 on account of bonus for 1956-57. Also, the Company granted a loan to all workmen (applying for the same) which was equivalent to half month's basic salary repayable monthly by deduction from salary in six equal instalments. As the amount of bonus payable under the available surplus formula could not be amicably settled, the matter was referred for adjudication and it was agreed that if the Tribunal awarded a profit sharing bonus in excess of what was given by the Company, the aforesaid loan would be repaid from the excess awarded; otherwise, it would have to be repaid according to the direction of the Tribunal.

In its written statement, the Union has given a past history of the battles for bonus with the Company and the Company has also given reply thereto in its written statement. This part of the Union's case and the rejoinder of the Company

regarding the historical aspect of the question of bonus have very little relevancy in the instant case. Probably the Union has delved into the past history of the battles with the hope of proving that the workmen are entitled to get one month's basic pay as Puja bonus every year and, over and above, they are entitled to get profit bonus on the basis of the available surplus formula. But this hope of the Union seems to be nothing but building castles in the air. For, it is an admitted fact that the Company first paid bonus to the workmen equivalent to one month's pay as bonus only in the year 1949 and that payment was not made voluntarily, but as a result of adjudication. Also, in subsequent years bonus of varying quanta was given by the Company but in some years on compulsion by virtue of awards of Tribunals. Hence, the Union's contention that they are entitled to one month's basic pay as Puja bonus and also a profit bonus is nothing but a frivolous claim which, it may be mentioned here, has been made in course of some previous adjudications, but rejected. Further, the issue as framed by Government does not cover this question of Puja bonus either directly or incidentally.

As a result, the only point to be decided in this case is whether there is available surplus justifying award of bonus to the workmen and if so, whether a bonus amounting to more than what has been voluntarily given by the Company can be awarded to the workmen. The Union claims in all three months' and four months' basic pay as bonus for the clerical and subordinate staff respectively. The Company allege that it has no available surplus for being distributed as bonus.

Both parties have filed statements of available surplus. The Union has filed two statements, one on 1st March 1960 and the latest, on 2nd March 1960 and these will be taken into consideration for the purpose of this case.

According to the Union the gross profit of the Company is Rs. 14.15 lakh (the figure in lakh is and will be hereinafter given to the nearest approximation as far as practicable). According to the Company, the figure of gross profit is Rs. 14.73 lakh including bonus charged in the accounts for previous year. The Company's figure is to be taken into account for the purpose of calculating the available surplus.

From this gross profit prior charges are to be deducted according to the Full Bench Formula; also, some other deductions claimed by the Company are to be made if the Company be held to be legally entitled to the same.

Before entering into the question of "deductions" one point is required to be made clear. The Company's contention is that the onus is upon the Union to prove that there is available surplus justifying its claim for bonus and some case laws on the point have been cited by the Company. No authority is necessary for upholding this particular contention of the Company. For, it is a universal principle of law that a claimant is to prove his claim; but the point is whether he is to go to the whole hog with the burden of proof for the purpose of establishing his claim. That depends on the particular nature and facts and circumstances of the case. In the instant case, the Union is at first to prove the amount of gross profit which it has more than done as found above. This gross profit will show that, prima facie, the Union's claim for bonus is tenable. Now, the onus will shift upon the Company to prove that this amount of gross profit is something illusory and tantalising, because some prior charges and other amounts are to be deducted from the gross profit which will eat up the same entirely or to such an extent that there will be no scope for awarding any bonus to the workmen.

Now, the items of deductions claimed by the Company on account of prior charges and other heads are being taken up seriatim.

(1) The Company has claimed deduction of normal depreciation at Rs. 1.02 lakh. The Union contends that this figure is excessive; for, in answer to the interrogatories delivered by the Union to the Company, the latter has shown normal depreciation for the year in question as Rs. 65,345. The Company claims that the notional normal depreciation will be Rs. 1.02 lakh. The contention of the Company is to be upheld.

The Company has filed a chart how the notional normal depreciation has been worked out. On the objection of the Union, the chart has not been marked exhibit, but there seems to be no reasonable doubt that the notional normal depreciation will come up to Rs. 1.02 lakh as claimed by the Company; for, "notional normal depreciation" means, the normal depreciation that would have been allowed to the Company for the particular year in question if in the previous years it had not been allowed any other type of statutory depreciation except normal depreciation (vide Surat Electricity case, 1957 II, L.L.J., page 648). In view of this connotation of notional normal depreciation, it is held that the Company's claim on this head at Rs. 1.02 lakh is not improper or incorrect.

(2) The Company has claimed deduction of Rs. .24 lakh on account of wealth-tax paid. The Union is unwilling to allow any deduction on this head. But wealth-tax being a statutory charge, there is no reason why the Company should not be given deduction therefor from the gross profit as a prior charge. It may be contended that this item has not been included in the Full Bench Formula; but it is to be remembered that when that formula was propounded there was no statutory provision for levying wealth-tax. So, it is held that the Company will get a deduction of Rs. .24 lakh on account of wealth-tax.

(3) The paid-up capital of the Company is Rs. 30 lakh. The Company has claimed six per cent. dividend thereon. The Union is willing to allow six per cent. dividend but not on the whole amount, as the paid-up capital consists of Rs. 8,08,000 paid in cash and the remainder as bonus shares. The Union contends that six per cent. dividend should be granted on the cash paid shares and five per cent. dividend on the bonus shares. There seems to be no reason why this distinction should be made in allowing dividend between these two types of shares. The Bonus shares have been ploughed back as capital and has been employed for the purpose of the business of

the Company and this must have helped in earning the profit out of which bonus is being now claimed by the workmen. So, there seems to be no equity and justice in the contention that the dividend on the bonus shares should be paid at a lesser rate than that of cash shares. If this contention be accepted shareholders may be deterred from ploughing back bonus shares as capital of the concern.

As a result, it is held that six per cent. dividend is to be allowed for the entire paid-up capital of Rs. 30 lakh and thus a sum of Rs. 1.80 lakh is to be deducted from the gross profit on this account.

(4) It is a fact that the Company has been employing for its business a sum of Rs. 84 lakh which it has obtained as loan without interest from some subsidiary Companies in England. The Company claims a return of 4 per cent. on this amount, but the Union is unwilling to allow any return on this head on the ground that the Company has not to pay any interest for this amount. The contention of the Union is not reasonable. Similarly as the bonus shares, this particular loan has been employed for earning the profit out of which the workmen are claiming bonus. The Management is certainly entitled to get some return for any amount that is employed for earning profits whether it has procured the same by begging, borrowing or stealing. But the Company's claim of 4 per cent. return seems to be somewhat excessive. It will be just and fair if a 2 per cent. return is allowed therefor.

As a result, it is held that 2 per cent. return is to be given for this amount, and so, a sum of Rs. 1.68 lakh is to be deducted from the gross profit.

(5) According to the Management, the working capital employed during the year in question amounts to Rs. 44.45 lakh and a 4 per cent. return has been claimed on this amount. The Union opposes any deduction on account of the working capital on the ground that the Company has not been able to prove if at all any amount was used as working capital and if so, what was the extent thereof.

In order to prove that a sum of Rs. 44.45 lakh was employed as working capital, the Company relies on a statement of its Auditors showing that the general reserves as shown in the balance-sheet amount to Rs. 22 lakh; this and certain amounts provided for income tax, sales tax, bad and doubtful debts, contingency, special contingency, provision for dividend and the unallocated balance on profit and loss account of the preceding year, were used as working capital. Now, the auditors' certificate or the statement of the Company made in the written statement on this head is not sufficient evidence for holding that the amount as claimed by the Company was used as working capital. Shri Satya Ranjan Dutta (O.P.W.1) who is accountant in the employ of the Company has said that the amount of Rs. 44.45 lakh as well as the aforesaid interest-free loan of Rs. 84 lakh was used as working capital. This statement of Shri Dutta is not a very convincing proof that any amount besides the said loan of Rs. 84 lakh was used as working capital. It is to be noted that the Union's witness (P.W.1.) has denied this claim of the Company regarding working capital.

A broad test to find out whether any amount has been employed as working capital in a particular year is to add up the fixed assets and current assets and to subtract therefrom the paid-up capital and current liabilities. Now, on working out this formula according to the figures given in the balance-sheet for the year in question and including in "current assets" the amount on account of stock in trade, work in progress, and sundry debtors insecured, it appears that the resultant figure becomes negative (the corresponding figures are Rs. 8.57 lakh + Rs. 32.72 lakh + Rs. 123.50 lakh + Rs. 94.47 lakh – Rs. 30 lakhs — Rs. 237.18 lakh). Hence, it is to be held that no amount was used by the Company as working capital except the aforesaid loan of Rs. 80 lakh, and so, the Company is not entitled to any deduction on account of working capital except of the said loan.

(6) The Company has claimed a deduction of a sum of Rs. 4.71 lakh as amount credited to the account not related to the bonus year in question or to the Company's trading profit of that year. In this sum are included several items which are taken up seriatim:—

(a) A sum of Rs. 3.25 lakh has been claimed by the Company to be deducted on account of provision for loss of subsidiary company written back and provision for sales tax written back. It is very difficult to understand why these amounts shall be deducted from the gross profit of the bonus year. The balance-sheet of the Company for the year 1956 shows that Rs. 2.05 lakh and Rs. 2 lakh were respectively shown in "current liabilities" as provision for loss incurred by subsidiary and provision for sales tax respectively. There seems to be no manner of justification in deducting this amount from the gross profit of the year in question for the purpose of calculating bonus. As regards the provision for loss incurred by subsidiary no deduction should be made from the profit of the Company for the purpose of calculation of available surplus as it is not proved that the profit of the said subsidiary had ever been taken into account as profit of the Company for the calculation of bonus in any previous year. So, it is held that the Company is not entitled to any deduction on these two heads as claimed.

(b) The Company has claimed deduction of a total sum of Rs. 1.11 lakh on account of sale of assets, balance brought forward from previous year, interest on tax prepayments and interest on investments. This sum is to be deducted from the gross profit, as apparently, the workmen made no contribution for the earning of this amount.

(c) The Company has claimed deduction of a sum of Rs. .35 lakh as share of profit less losses as partners of registered firms. From the evidence of O.P.W.1, it has transfered that out of the paid-up capital of the Company, some amount has been invested in two other registered firms and the said sum of Rs. .35 lakh represents the net profit of the Company out of that investment. The Company's claim for deducting this amount from the gross profit for the purpose of calculation of bonus does not stand to reason. It has claimed deduction of dividend for the entire paid-up capital. For this reason alone the profit of Rs. .35 lakh which has

resulted by investing a part of the paid-up capital must form an integral part of the gross profit of the Company and on no account this can be deducted in calculating available surplus. It has been contended by the Company that the workmen's contribution for earning this profit is nil. This contention of the Company cannot be accepted for, it is to be presumed that the workmen had to do at least some clerical work in respect of this income. More-over, contribution or no contribution, the workmen are entitled to have this amount included in the available surplus for the purpose of calculation of bonus for the simple reason that it has been earned by investing a portion of the paid-up capital of the Company for which deduction of return at the rate of 6 per cent. has been claimed by the Company. The Company cannot have it both ways.

(7) The Company has claimed a deduction of Rs. 2.77 lakh as extraneous income on account of commission on direct sales made to India by the U.K. Associated Companies. In the Profit and Loss Account this amount has not been mentioned specifically and separately, but a sum of Rs. 3.44 lakh has been shown under the heading "Commission". If really a sum of Rs. 2.77 lakh had been earned as commission on direct sales made to India by the U.K. Associated Companies, as is now being claimed, there was no reason why this amount has not been so specified in the Profit and Loss Account. In proof of this claim, the Company has produced its auditor's certificate and its witness (O.P.W.1) has corroborated the same; but the evidence of O.P.W.1 as well as the auditor's certificate has no value in support of this claim of the Company. It should have been proved by documentary evidence that by virtue of some agreement with the U.K. Associated Companies, the Company is entitled to commission on direct sales made to India and also the Company should have proved by documentary evidence the actual amount earned by it on account of such commission. As that has not been done, it is held that the Company's claim of deduction of Rs. 2.77 lakh as extraneous income has not been proved and that the entire earning on account of commission as shown in the balance-sheet is trading profit for that year in question earned by the joint contribution of the Company and the workmen.

(8) Now remains only the deduction to be made on account of income tax and this point is taken up last of all because the amount to be deducted on this head cannot be worked out without determining the actual amount of gross profit to be taken into account for the purpose of calculation of bonus, which is to be done after deduction of the different items claimed by the Company as not related to the bonus year or to the Company's trading profit of that year or is extraneous income or earned without any contribution of the workmen.

The Company has claimed deduction of income-tax and super tax at the rate of 51.5 per cent. This rate is not challenged by the Union. However, there is a difference between the parties regarding the amount to be deducted on account of income-tax. The Company has deducted Rs. 3.25 lakh on this head, while the Union has allowed a deduction of Rs. 7.06 lakh. Both are magnanimous, no doubt; but there is a fly in the ointment of each. The Company has tried to carve out a big chunk from the gross profit by way of profits alleged to be not related to the bonus year in question or as extraneous income, while the Union is not willing even to give the Company a deduction on account of some recognised prior charges. However, for the purpose of deduction of income-tax, the gross profit should be taken as Rs. 14.73 lakh, i.e., the amount shown in the Company's statement of available surplus as the total of gross profit. From this, a sum of Rs. 1.11 lakh (see item 6b above) is to be deducted as balance brought forward from previous year, etc., and also deduction is to be made of a sum of Rs. 1.10 lakh on account of the total depreciation allowance as stated in the Company's affidavit in answer to interrogatories served by the Union. Thus, the amount of profit assessable to income-tax is found to be Rs. 12.63 lakh. Hence, a notional amount of Rs. 6.50 lakh is to be deducted on account of income-tax and super tax.

Here, it is to be noted that much reliance has been placed on behalf of the Company on a letter (Ext. F) written by the Secretary of the Union to the Company on 23rd June 1958 wherein bonus for the year in question was claimed and a calculation of available surplus was also given by the Secretary. In that letter, the Secretary allowed deduction on account of provisions of sales tax written back, provisions for loss of subsidiary written back and 4 per cent. return on Company's reserves of Rs. 36.50 lakh, but this is practically no evidence at all on these points. It is at best an admission on certain points by the Secretary of the Union but admission is not a conclusive proof specially in matters like these. A party's admission regarding a particular fact is of no avail if it be not corroboraetd by other evidence on record. Further, it is to be noted that the Secretary stated in this letter as follows:—

> "As we want to make an amicable settlement, we do not at the present moment want to raise any objections to the deductions made by you, nor want to raise any dispute as to whether the prior charges should be diminished to allow the workmen share a profit as fair bonus".

If the Company wants to place reliance on the statement regarding the deductions as made in this letter (Ext. F), the Company should have accepted it in toto and should have agreed to the available surplus of Rs. 2.03 lakh as shown therein. However, the statements regarding the deductions made in this letter are of little probative value and should be left out of consideration.

Here, it is to be observed that the Company has claimed no deduction on account of rehabilitation charge.

Now has come the stage when the findings made above for the purpose of calculation of available

surplus for bonus are to be summarised in a chart like this:—

		Rs. (in lakh)
Gross Profit	...	14.73
Deduct		
As per item (6b) above	...	1.11
		13.62
Deduct		
Notional normal depreciation [vide item (1) above]	...	1.02
		12.60
Deduct		
National Income Tax and Super Tax [vide item (8) above]	...	6.50
		6.10
Deduct		
Wealth Tax [vide item (2) above]	...	.24
		5.86
Deduct		
6 per cent. return on paid-up capital [vide item (3) above]	...	1.80
		4.06
Deduct		
2 per cent. return on interest free loan of Rs. 84 lakh [vide item (4) above]	...	1.68
		2.38

It is common ground that the wages now received by the workmen are much below living wages. There is no dispute that they are entitled to bonus if there be sufficient available surplus. The monthly wage-bill of the Company is about Rs. .58 lakh. The available surplus found above is Rs. 2.38 lakh. In view of the amount of the paid-up capital of the Company, as well as the volume of business done by it, the available surplus is to be so distributed between it and its workmen as to enable it to allocate an appropriate amount to the reserve fund and also to leave some residue for the shareholders. It seems that if bonus equivalent to two months' basic wages be allowed to the workmen, that would be fair to them as well as to the Company; for, thereby, the workmen will get Rs. 1.16 lakh and the Company will get about Rs. 1.82 lakh including the refund of income-tax on the amount of bonus paid.

As a result, it is awarded that the Company is to pay to all workmen bonus equivalent to two months' basic wage.

Now from a document of the Company (Ext. C), it appears that the bonus that has been amicably paid is not exactly equivalent to one month's basic salary in respect of all workmen; so, the resultant award in this case is that the Company is to pay each workman a bonus equivalent to two months' basic wage; thus, the additional amount to be paid on this head will be two months' basic wage minus the amount paid already amicably as bonus and the loan granted provisionally against bonus to be awarded by the Tribunal.

This is the award of the Tribunal.

AWARD

By Government order No. 1361-I.R./IR/10L-47/59, dated the 3rd April 1959, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Dhar & Mondal Brothers, 77 Dharmatala Street, Calcutta-13, and their workmen represented by National Union of Engineering Workers, 7B Rani Rashmoni Road, Calcutta-13, regarding the matter specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

1. **Bonus for 1958.**—The reference was received by this tribunal on 25th April 1959. Notices were duly served upon the parties. The union namely, National Union of Engineering Workers representing the workmen of Messrs. Dhar & Mondal Brothers filed its written statement on 4th June 1959. The company Messrs. Dhar & Mondal Brothers filed its written statement on 19th June 1959. The date of hearing was fixed on 21st September 1959. On that date on prayer of the company the date of hearing was adjourned to 6th January 1960. Before that on 14th December 1959, the union filed a petition supported by an affidavit praying for a direction upon the company to produce certain documents for inspection by the union. Company took several adjournments for filing objection to this petition by the union for production of documents, but ultimately no steps were taken by the company and the date of hearing was fixed on 14th March 1960. On that date Shri N. K. Mukherji, Advocate, representing the company was specifically directed by the tribunal to produce cash books, general ledger, journal, pay book and balance sheets for the year 1957-58 positively by 13th March 1960 and the date of hearing of the case was peremptorily fixed on 24th March 1960. But on 24th March 1960 the company did not turn up and its learned Advocate sent intimation that he has no instruction from the company. The case was, therefore, heard ex parte at the instance of the union in compliance with Rule 21 of West Bengal Industrial Dispute Rules, 1958, inasmuch as the company failed to attend or to be represented during the hearing without sufficient cause being shown.

The evidence on behalf of the union, both oral and documentary, was taken on 24th March 1960, and arguments were heard on behalf of the union and the award was reserved.

Decision

Issue No. 1.—The only issue under the reference is "Bonus for 1958". The case of the union as stated in its written statement is that the company was annually paying bonus to its workers at first at the rate of one month and then at the rate of half month's basic salary as bonus which was stopped by the company for last 5 years in spite of the fact that the company's trading results had improved. In 1958 the union demanded both orally and in writing two months' basic wages as Puja Bonus for the financial year 1957-58 but the company did not agree to the demands. The union's grievance is that the company has been earning huge profit year after year out of which bonus equivalent to two months' basic wages is payable and that another reason for claiming this bonus by the workmen is that the wages paid to them are inadequate and far below the living wages. The claim of the union, therefore, under this reference is for a puja bonus equivalent to two months' basic wages for the year 1958.

The company in its written statement denied its liability to pay any bonus for the year 1958 to its workmen on the plea of its financial incapacity. The company admits in paragraph 2 of its written statement that it paid bonus at the rate of half month's basic wages to its workmen but on account of heavy losses it could not pay any bonus to its workmen for the last 6 or 7 years. Its contention is that for last 6 or 7 years the employer has been incurring losses from year to year and there being no available surplus the workmen are not entitled to any bonus for the year 1958 as claimed.

It will appear from the records that the company did not file any documents called for by the union for its inspection in support of its defence to show that it was running at a loss since 1953 and that the trading results of the company during the financial year 1957-58 do not show any available surplus for distribution as bonus to the workmen equivalent to two months' basic salary as claimed by the union in this case.

It is now well-established principle of law that unless the bonus is found to be a customary or a condition of service it must depend upon the profits of the company for the year for which the bonus is claimed and that in calculating profit bonus, the available surplus must be determined according to the Full Bench Formula of the Labour Appellate Tribunal in the case of Mill Owners' Association, Bombay vs. Rashtriya Mill Mazdoor Sangh (1950 L.L.J., Vol. II, page 1247) as explained and clarified by the Hon'ble Supreme Court in its several decisions including the decision in Associated Cement Company and another vs. their workmen (1959 L.L.J., Vol. I, page 644).

It is also well-settled that unless there is available surplus the workman's right to claim profit bonus does arise at all. The principle of granting bonus based upon two considerations is that "As both labour and capital contribute to the industrial concern, it is fair that labour should derive some profit if there is a surplus after meeting prior or necessary charges, and secondly that the labour is entitled to claim that the gap between its actual wage in the living wage should be within reasonable limits filled up".

The present company is an engineering concern and the evidence of P.W. 1 Shri Krishna Kumar Nath, one of the employees of the company is to the effect that the business of the company is mainly repairing work. The evidence of this witness as well as the chart (Ext. 1) would further show that the lowest paid employee of this company earns Rs. 41 per month, i.e., at the daily rate of Re. 1 as basic wage plus Rs. 15 per month as D.A. According to the decision of the Second Major Engineering Tribunal the minimum wage including D.A. was fixed at Rs. 61 per month and according to the Third Engineering Tribunal it was Rs. 71 per month. So, so far as the workmen of the present industry is concerned, their minimum wage is far below what has been granted by the 2nd and 3rd Engineering Tribunal, and it is certainly far below the living wage. Therefore, the workmen of this company are entitled to claim bonus to fill up the gap as far as practicable between their actual wages and the living wage. So, this is a consideration which is in favour of the workmen for granting bonus to them as claimed..

As I have already stated the claim for profit bonus must depend upon available surplus to be determined after working out the Full Bench Formula referred to and the maxim is "no available surplus, no bonus". So far as the present case is concerned, the matter has been heard ex parte. The union has not been able to give any definite figure of gross profits of the company for the bonus year namely, the financial year 1957-58. The reason is obvious. The company is a limited concern and it has no published balance sheets. All the documents are with the company. The union called for several documents namely, balance sheets, pay book, cash book, general ledger, etc., for the relevant year for the purpose of adjudication of this case but the company has deliberately withheld production of these documents without showing any reasonable cause whatsoever. Although the company's defence is that the company has been running at a loss and that the trading results of the company for the year 1958 cannot show any available surplus upon working out the Full Bench Formula—the company being in possession of all the relevant documents, it was its duty to support its written statement by necessary and relevant documents which the company has failed to do without showing any sufficient cause thereof. The trend of recent decisions of the Supreme Court is that the onus lies upon the company to prove deductions of prior charges and as the company has failed to do so, in this particular case, adverse legal presumption must be made against the company namely, that if the company had produced the documents called for by the union that would have shown an amount of available surplus which would have been sufficient for giving two months' salary as bonus to the workmen as claimed by the union in this case.

In favour of the union it must be said that the union has been fair enough not to have given any figure about gross profits of the company by guess. The evidence of P.W. 1 is that the business of the company is flourishing and that it earns huge profit every year and that it is financially competent and has enough available surplus to pay to its workmen bonus equivalent to two months' basic salary during the year 1958.

As there is no other data for calculating the available surplus, I must take the evidence of P.W. 1 at its face value and come to the finding that the claim of the union for bonus equivalent to two months' basic salary for the year 1958 must be given effect to in view of the deliberate withholding of documents necessary for such calculation of available surplus by the company and company's intentional failure to contest the claim of the union.

As the matter is being heard ex parte, I think that strict compliance with the working out of the Full Bench Formula is not necessary in this case in view of the evidence on behalf of the union which is unchallenged that the company has got enough available surplus out of its trading results for the year 1958 for meeting the demands of the union for bonus equivalent to two months' basic salary for the year 1958 and in view of the intentional withholding of relevant documents by the company for calculation of available surplus according to the Full Bench Formula out of the trading results for the year 1958.

I accordingly allow the workmen represented by the union puja bonus equivalent to two months' basic wages for the year 1958 as claimed by them. The company is directed to pay this amount of bonus within one month from the date of publication of this award.

This is my award.

The applicant states that during the pendency of the proceedings in reference No. 3820-I.R./IR/11L-107/58, dated 11th September 1958, in this Court, Messrs. Tarun Niketan, the Opposite Party, wrongfully dismissed the applicant without express permission or approval of the Court. The applicant further states that he wanted leave from the proprietor of Messrs. Tarun Niketan on 27th December 1958 together with arrears of his due and earned wages amounting to Rs. 107-2 as. The proprietor of Messrs. Tarun Niketan, however, neither granted him leave, nor paid him his dues. Hence the application for his reinstatement and other reliefs.

Messrs. Tarun Niketan deny the allegation made in the written statement of the applicant and resist the prayer of the applicant.

Decision

After several adjournments the case came up for hearing on 8th March 1960 on which date the parties settled the disputes amicably and put in a petition of compromise wherein the proprietor of Messrs. Tarun Niketan agreed to pay the applicant Rs. 195 by way of compensation exclusive of his due wages, if any, and a further sum of Rs. 107-2 as. as claimed by the applicant. The applicant, however, gives up his claim of reinstatement. The terms of the compromie appear to be fair, reasonable and lawful and may be given effect to. Associated Press of America, 19 Narendra Place, Parliament Street, New Delhi, and their stringer for Calcutta named, Mr. Don Elloy represented by the Indian Journalists' Association, 249-B Bowbazar Street, Calcutta, regarding matters specified in the second schedule of the Act, to this Court for adjudication:

Schedule

Whether the termination of service of Mr. Don Elloy was justified? To what relief, if any, is he entitled?

AWARD

This is a dispute arising out of alleged illegal and unjustified termination of service of Mr. Don Elloy, previously in the employment of Messrs. Associated Press of America (A.P.A.), 19 Narendra Place, Parliament Street, New Delhi, hereinafter referred to as the 'Press' for the sake of brevity.

In the Order of Reference, Mr. Don Elloy is represented by the Indian Journalists' Association of 249-B Bowbazar Street, Calcutta. The Association's case in brief is as follows:— Mr. Don Elloy entered the employment of the Associated Press of America as a part-time Correspondent in about September 1947. His duty was to regularly send by mail or cable to London important items of news emanating from such other parts of India as might be directed by the New York, London or New Delhi Officers of the A.P.A. His remuneration was Rs. 40 per month as retainer fee and in addition to that he was paid at the rate of Rs. 10 per message cabled by him to London irrespective of whether such cables were used or not. In or about 1950 there was an agreement between Mr. Elloy and the A.P.A. that in addition to the remuneration mentioned above, a further sum of Rs. 70 per month would be paid to Mr. Elloy as incidental expenses without any liability to account for the same. Mr. Watson S. Sims, the Chief of the New Delhi Bureau of the Associated Press, informed Mr. Don Elloy by a letter, dated 6th May 1958, that for his insubordination his employment had been decided to be terminated, and that such termination would be effective from the date of receipt of the said letter. Mr. Elloy received that letter on 9th May 1958. The Association, therefore, contends that the dismissal of Mr. Don Elloy was unjustified as it was in violation of principles of natural justice and actuated by an unfair labour practice. Hence, the Association seeks his reinstatement together with other reliefs.

The A.P.A. put in a written statement denying the material allegations in the written statement of the Association and contends preliminarily, inter alia, that this is an individual dispute and as such the Court has no jurisdiction to entertain this reference. A.P.A.'s further contention are in gist that Mr. Elloy was not a workman within the meaning of section 2(s) of the Industrial Disputes Act as he was only a part-time Correspondent of the A.P.A. which had no control over his time or work; that the Head Office of the A.P.A. is situate in New Delhi and that it has no establishment in Calcutta, and so also this Court has no territorial jurisdiction to entertain this case.

At the commencement of the hearing, the learned representative for the A.P.A. prayed for a decision on the preliminary point as to jurisdiction as raised by him. So, the preliminary point, viz., whether this is an industrial dispute and if the Court has got jurisdiction to entertain this case, is taken up first for determination.

Decision

The learned Counsel for Mr. Don Elloy contends that by virtue of section 3 of the Working Journalists Act of 1955 read with section 2(f) giving the definition of the term "working journalist", the part-time Correspondent Mr. Don Elloy must be deemed a 'workman', and the Industrial Disputes Act is applicable, and this Court is entitled to try it. Section 2(f) of the Working Journalists Act runs as follows:—

"'Working journalist' means a person whose principal avocation is that of a journalist and who is employed as such in, or in relation to any newspaper establishment and includes an editor, a leader writer, news editor, sub-editor, feature writer, copy tester, reporter, correspondent, cartoonist, news photographer and proof reader, but does not include any such person who—

(i) is employed mainly in a managerial or administrative capacity, or

(ii) being employed in a supervisory capacity, performs; either by the nature of the duties attached to his office or by reason of the powers vested in him, the functions mainly of a managerial nature."

The provisions of section 3 of the Working Journalists (Conditions of Service and Miscellaneous Provisions) Act, 1955, clearly say that the Industrial Disputes Act shall apply to working journalists as to workmen under that Act which means that it would apply to them as to persons to whom the definition of 'workman' under the Industrial Disputes Act applies. Then again, it is contended for the Association that since the Indian Journalists' Association represents Mr. Don Elloy in this case, the dispute has developed into an industrial dispute, and Court's jurisdiction cannot be questioned. On the other hand, the learned representative for the Press contends that Mr. Don Elloy is its single part-time Correspondent in Calcutta, and there is no concerted demand on behalf of a considerable number of employees of the Press over the cause of Mr. Elloy, nor is there any resolution adopted by the Indian Journalists' Association to espouse the cause of Mr. Elloy, and so this is to be regarded as an individual dispute. In support of his contention, reference has been made to some of the ruling discussed below:—

In the case of Newspapers Ltd. it is laid down as follows:—

"Notwithstanding that the language of section 2(k) is wide enough to cover a dispute between an employer and a single employee, the scheme of the Industrial Disputes Act does appear to contemplate that the machinery provided therein should be set in motion to settle only disputes which involve the rights of workmen as a class and that a dispute touching the individual rights of a workman was not intended to be the subject of an adjudication under the Act, when the same had been taken up by the Union or a number of workmen."

In the case of the Central Provinces Transport Service vs. Raghunath Gopal Patwardhan (1957 L.L.J., Vol. I, page 27), the Hon'ble Supreme Court laid down:

(i) a dispute between an employer and a single workman cannot be an 'industrial dispute';

(ii) it can be an industrial dispute; and

(iii) it cannot per se be an industrial dispute but may become one if taken up by a trade union or a number of workman.

In the case of D. N. Banerjee vs. P. R. Mukherjee (1953 L.L.J., Vol. I, page 195), the Hon'ble Supreme Court laid down that an industrial dispute conveys the meaning to the ordinary mind that the dispute must be such as would affect large groups of workmen and employers ranged on opposite groups..... But at the same time, having regard to the modern conditions of society where capital and labour have organised themselves into groups for the purpose of fighting their disputes and settling them on the basis of the theory that if union is strength and collective bargaining has come to stay, a single employee's case might develop into an industrial dispute, when, as often happens, it is taken up by the trade union of which he is a member and there is a concerted demand by the employees for redress.

In Australian cases, also, Courts have held that individual disputes stand outside the scope of industrial disputes. In Jumbunna Coal Mine vs. Victorian Coal Miners' Association (1908 C.L.R., pages 309, 332) Suffithy, C.J. held:

"An industrial dispute exists where a considerable number of employees engaged in some branch of industry make common cause in demanding from or refusing to their employees (whether one or more) same change in the conditions of employment which is denied to them."

In the case of workmen of Dimakuchi Tea Estate vs. Dimakuchi Tea Estate (1958 L.L.J., Vol. I, page 500) the Hon'ble Supreme Court observed that the term 'any person' in the third part of the definition clause in section 2(k) cannot be interpreted as meaning anybody or everybody in this wide world, but person in respect of whom employer-employee relation exists, which limits the scope of application of this definition not only to the dispute between more than one worker and the employer or between a set of workers and their employers, but in case of dispute between an employer and employee between him and his own workers only.

The Kerala High Court in a recent case Chittadi Estate vs. Industrial Tribunal and others, reported in 1959 L.L.J., Vol. II, pages 184-86, held that as the dispute relating to the cause of a single workman was not espoused by the fellow workmen in the same establishment, the same was not an industrial dispute. It is settled law that though an order of reference is essentially administrative in character, that fact does not

preclude a party from showing that what was referred was not an industrial dispute, and consequently the tribunal had no jurisdiction to deal with the reference.

I would also very briefly refer to the case of Express Newspapers (Private) Ltd. reported in 1959 L.L.J., Vol. I, page 600, decided by our Calcutta High Court which laid down that the real test appears to be as to whether the majority or a large portion of the workmen employed in the particular industry are concerned in the dispute or not. In this case, though the Indian Journalists' Association represents Mr. Don Elloy, there is nothing to show that there is a concerted action on the part of workmen of the Press who are members of that Association. Mr. Don Elloy stands single, and no concerted action on the part of the employees of the Press is in evidence. Thus the real test is not fulfilled in this case, and on consideration of the rulings referred to above, I find that there is no force in the contention of the Association that it is an industrial dispute. I, therefore, hold that this is an individual dispute, and the reference is incompetent, and the Court is not entitled to adjudicate upon it. In view of my finding, other points are left undecided.

This is my award on the preliminiary point.-

No. 1665-I.R./IR/11L-107/58.—12th April 1960.—Whereas under the Government of West Bengal, Labour Department, order No. 3820-I.R./IR/11L-107/58, dated the 11th September 1958, the industrial dispute between Messrs. Tarun Niketan, 88/1B Rash Behari Avenue, Calcutta, and their workmen represented by the Hotel Restaurant Karmachari Union, 1/1 Tarak Mitra Lane, Calcutta, regarding the issues mentioned in the said order, being matters specified in the Third Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred to the First Labour Court for adjudication;

And whereas during the pendency of proceedings before the said Labour Court, Shri Bechu Sanyal, a workman of the said company, made a complaint in writing to the said Labour Court against the said company alleging that the said company had discharged the said workman concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Labour Court has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, 1947, filed by Shri Bechu Sanyal, an employee of Messrs. Tarun Niketan, 88/1-B Rash Behari Avenue, Calcutta, against the said Company. (Case No. 46/59, under section 33A.)

BEFORE THE FIRST LABOUR COURT, WEST BENGAL

Present:

Shri N. C. CHATTERJEE, Judge, First Labour Court.

AWARD

This is an application under section 33A of the Industrial Disputes Act, 1947, of Shri Bechu Sanyal, previously an employee of Messrs. Tarun Niketan, 88/1-B Rash Behari Avenue, Calcutta, in connection with G.O. No. 3820-I.R./IR/11L-107/58, dated 11th September 1958.

The applicant in his written statement contends that during the pendency of Reference No. 3820-I.R./IR/11L-107/58, dated 11th September 1958 in this Court, the applicant was wrongfully discharged without prior permission or approval of the Court. The applicant accordingly prays for reinstatement and other reliefs, if any.

Messrs. Tarun Niketan put in a written statement denying the allegations made in the written statement of the Union and resist the reliefs claimed by the applicant.

Decision

After several adjournments the case came up for hearing on 8th March 1960 on which date the parties put in a petition of compromise stating that the dispute has been settled amicably. It appears from the petition of compromise that the proprietor of Messrs. Tarun Niketan agreed to pay the applicant Rs. 117 by way of compensation exclusive of his due wages. The claim for reinstatement was, however, abandoned. The terms of compromise appear to be fair, reasonable and lawful and may be given effect to. The dispute is, therefore, settled in terms of the petition of compromise which do form a part of the award.

The Government of West Bengal in the Department of Labour, by order No. 1417-I.R./1R/4L-2(Pt.)/58, dated 7th April 1958, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), an industrial dispute between Messrs. Salkia Transport Agency (P) Ltd., 67 Haragunj Road, Salkia, Howrah and their workmen represented by Howrah District Bus Workers' Union, 9 Panchkari Mohanto Lane, Howrah, regarding matters specified in the second schedule to the Act, to this Court for adjudication.

Schedule

Whether the dismissal of Shri Chandrika Singh is justified? To what relief is he entitled?

AWARD

This dispute arising out of alleged illegal and unjustified dismissal of Shri Chandrika Singh previously in the employment of Messrs. Salkia Transport Agency (P) Ltd., 67 Haragunj Road, Salkia, Howrah (hereinafter referred to as 'Agency' for the sake of brevity).

Messrs. Salkia Transport Agency (P) Ltd. is a big concern owning a good number of public buses in the Howrah town (Route Nos. 51, 54, 56, Bally Khal-Howrah). The Agency had a small beginning, but gradually developed and prospered and now there are about 300 employees in the Agency. The Agency victimised the workman stated above without any charge-sheet, enquiry, reason whatsoever.

The Agency in its written statement denies the allegation of the Union and seeks to justify the order of dismissal on the ground of indisciplined conduct and also for misappropriation of money from passengers. The case came up for trial on 16th February 1960 and evidence was partly recorded and then on the prayer of the Company it stood adjourned to 1st March 1960 for compromise at the desire of both the parties. No compromise was, however, effected on that date and the case was again adjourned to 21st March 1960. The parties in the meantime settled the dispute amicably and put in a petition of compromise. The terms of compromise seem to be fair, reasonable and lawful and may be given effect to. The dispute is thus disposed of in terms of the petition of compromise which do form a part of the award.

Preliminary Forecast of Jute Crop of West Bengal for 1959-60

(Note.—The preliminary forecast deals with the area covered and conditions of the crop in the early part of jute-growing season. In the final forecast, along with the final acreage, the estimate of outturn is shown.)

Season.—Weather conditions have on the whole been fair on the cultivation of the crop.

Area.—According to the preliminary survey 6,17,700 acres are estimated to have been sown with the crop this year as against 6,42,500 acres and 8,75,800 acres reported respectively in the corresponding and in the final forecasts of last year.

The decrease in acreage may mainly be attributed to low market price of jute. Final estimate is likely to be higher than the figures shown here as some of the late sown areas might have been left out of the preliminary estimate.

Director of Agriculture, West Bengal.
